The Arthur L. Littleworth Scholarship was established to provide a four-year scholarship to the University of California, Riverside, for a qualified student graduating from a Riverside Unified School District high school. The scholarship provides an amount of \$5,000 per year for the selected student at UCR for four years. If the student takes five years to graduate, the scholarship will continue. It was created by Mr. Arthur L. Littleworth, a former member and President of the Board of Education of the Riverside Unified School District. Mr. Littleworth's goal, in founding this scholarship, is to encourage serious students in pursuit of educational excellence and in providing subsequent leadership as citizens.

Students chosen for consideration as recipients have displayed leadership potential, good but not necessarily outstanding scholarship, and good citizenship while in high school. In addition, students must have been accepted for admission to UCR and must pursue a program of studies at that institution. No specific discipline or major field of study is required. The financial need of the applicants was considered by the selection committee; however, need was not a primary criterion for selection.

Topic: Surplus and Sale of Electronic Equipment

Presented by: Luis F. Moya, Supervisor, Warehouse

Responsible

Cabinet Member: Mays Kakish, Chief Business Officer / Governmental Relations

Type of Item: Consent

Short Description: Requesting approval to declare listed electronic equipment as surplus property and authorization to sell or dispose of the surplus electronic equipment in accordance with Education Code provisions.

DESCRIPTION OF AGENDA ITEM:

It is necessary to dispose of electronic equipment which has become obsolete, is not cost effective to repair or no longer holds any value for replacements parts. Items in this condition must be declared surplus and disposed of in accordance with California Education Code and environmental regulations designed to protect the environment from electronic waste (e-waste).

In accordance with the California Education Code §17546, the items may be sold at private sale without advertising if the value of the item(s) are under \$2,500 as unanimously approved by the Board. If it is found the property is of insufficient value to defray costs of arranging a sale, the property may be sold, donated or disposed of in a public dump. Given the environmental regulations associated to the disposition of electronic equipment, disposal in the public dump is not an option. Sale of electronic equipment shall be limited to state certified e-waste collection facilities.

California Education Code §17547 requires that monies received from the sale shall be placed to the credit of the fund from which the original expenditure for the purchase of the property was made or in the general or reserve fund of the district.

FISCAL IMPACT: None

RECOMMENDATION: It is recommended that the Board of Education declare listed electronic equipment as surplus and authorize staff to sell or dispose surplus electronic equipment in accordance with Education Code provisions.

Short Description: Adjustments to certain management and confidential job classifications based on the comparability study conducted by School Services of California are presented to the Board of Education for approval.

The first phase of changes are highlighted below:

1. Administrative Assistant (1) to the Superintendent to Executive Secretary II
2. Elementary Assistant Principal (14) work year increases from 190 days to 200 days

May 31, 2016**

Topic: Resolution No. 2015/16-78 – Resolution of the Board of Education of the Riverside Unified School District to Determine Uses of the Monies Received from the Education Protection Account for the Current Fiscal Year

Presented by: Mays Kakish, Chief Business Officer/Governmental Relations

Responsible

Cabinet Member: Mays Kakish, Chief Business Officer/Governmental Relations

Type of Item: Consent

Short Description: Article XIII, Section 36 of the California Constitution effective November 7, 2012 requires school districts to make spending determinations for monies received from the Education Protection Account (EPA) in an open session of a public meeting.

DESCRIPTION OF AGENDA ITEM:

Proposition 30 approved by the voters added Article XIII, Section 36 to the California Constitution effective November 7, 2012. The provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account (EPA) to receive and disburse the revenue derived from the incremental increases in taxes imposed by Article XIII, Section 36(f).

The funds from the Education Protection Account are not new funds for the District; rather they are state funds that the District was and always has been entitled to. The State has merely imposed a new reporting requirement for these funds. The Education Protection Account funds that are generated from the passage of Proposition 30 (increased sales tax and increased income tax) will now be used to offset the District’s regular Local Control and Accountability Funds from the California Department of Education. The use of these funds helps with the State’s cash flow problems but, again, does not generate any new funding for districts.

Article XIII, Section 36 of the California Constitution references that school districts have sole authority to determine how the moneys received from the EPA are spent in the school or schools within its jurisdiction excluding salaries and benefits of administrators or any other administrative costs, provided that the governing board makes the spending determinations in an open session of a public meeting of the governing board. The Article also sets forth the requirement to annually publish an accounting of how the money was spent which was received

for the EPA in addition to a requirement to provide an annual independent EPA financial and compliance audit. Specifically, Article XIII, Section 36 of the California Constitution states:

“A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Website an accounting of how much money was received from the Education Protection Account and how that money was spent.”

Further, there is a requirement for an annual independent financial and compliance audit which shall, in addition to all other requirements of law, ascertain and verify whether the funds provided from the EPA have been properly disbursed and expended. Expenses incurred to comply with the additional audit requirement may be paid with funding from the EPA, and shall not be considered administrative costs.

Staff recommends spending monies received from the 2016-17 EPA on general fund instructional and pupil services salaries and benefits in compliance with Article XIII, Section 36.

FISCAL IMPACT: EPA funding for 2016-17 estimated at \$52,381,062 to be spent on instructional and pupil services salaries and benefits funded in the General Fund.

RECOMMENDATION: It is recommended that the Board of Education adopt Resolution No. 2015/16-78 – Resolution of the Board of Education of the Riverside Unified School District to determine uses of the monies received from the Education Protection Account for the current fiscal year.

The provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account (EPA) to receive and disburse the revenue derived from the incremental increases in taxes imposed by Article XIII, Section 36(f).

WHEREAS, the Board of Education of the Riverside Unified School District has determined that monies are anticipated to be received in the current fiscal year from the EPA; and

WHEREAS, the Board of Education of the Riverside Unified School District has sole authority to determine how the monies received from the EPA are spent in the school or schools within its jurisdiction, provided, however, that the spending determinations are made in an open session of a public meeting of the governing board; and

WHEREAS, the monies received from the EPA shall not be used for salaries or benefits for administrators or any other administrative costs; and

WHEREAS, an annual accounting will be published on the District's Internet website of how much money was received from the EPA and how that money was spent; and

WHEREAS, an annual independent financial and compliance audit is required, in addition to all other requirements of law, to ascertain and verify whether the funds provided by the EPA have been properly disbursed and expended; and expenses incurred to comply with the additional audit requirement may be paid with EPA funding, and shall not be considered administrative costs;

NOW, THEREFORE, BE IT RESOLVED, that pursuant to Article XIII, Section 36 of the California Constitution, the Board of Education of the Riverside Unified School District has determined to spend the monies received from the EPA for the 2016-17 fiscal year on instructional and pupil services salaries and benefits funded by the general fund.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED BY THE BOARD OF EDUCATION OF RIVERSIDE UNIFIED SCHOOL DISTRICT AS FOLLOWS:

Said map is approved and, pursuant to Section 3110 of the California Streets and Highways Code, the Clerk of the Board of Education (the “Clerk”) shall, after conforming with the other requirements of Section 3111 of said Code, record the original of said map in her office, and not later than 15 days prior to the date of the public hearing set forth in Section 9 hereof shall file a copy of said map with the County Recorder of the County of Riverside.

Section 3. Types of Facilities; Incidental Expenses.

(a) The types of public facilities proposed to be provided for and financed by proposed CFD No. 32, which may be provided by the construction thereof or the financing of capital improvement fees to be used for the construction thereof (herein, the “Facilities”) are:

(1) School Facilities. Elementary school, middle school or high school facilities, including furniture, fixtures and equipment therefor, acquisition, construction, expansion, relocation, rehabilitation, leasing or purchasing of school facilities and improvements and the sites therefor and facilities which are appurtenant thereto, including, but not limited to, athletic and recreation facilities, child care facilities, administrative facilities and permanent or relocatable classrooms, and transportation facilities;

(3) Water District Facilities. Water and sewer fees and water and sewer improvements;

(3) City Facilities. Certain street, road and drainage improvements, including, but not limited to, grading, asphalt, sidewalk, curb, gutter, storm drain, rip-rap, street lights, signalization, utilities, multi-purpose trail, signage, and other appurtenant facilities; and

Section 4. Special Taxes. Except where funds are otherwise available, special taxes sufficient to pay for all of the Facilities, or to accumulate funds for paying the costs of the Facilities, and to pay the principal of and interest on the bonds of proposed CFD No. 32

and the annual administrative expenses of the District and proposed CFD No. 32 in determining, apportioning, levying and collecting such special taxes, and in paying the principal of and interest on such bonds and the costs of registering, exchanging and transferring such bonds, secured by the recordation of a continuing lien against all taxable or nonexempt property in proposed CFD No. 32, shall be annually levied within proposed CFD No. 32.

All parcels of taxable property in the territory of CFD No. 32 shall be subject to the annual levy of special taxes to pay the principal of and interest on the aggregate principal amount of the bonds of proposed CFD No. 32 which may be issued and sold to finance the design, construction and acquisition of the Facilities.

The rates and method of apportionment of special taxes to be levied on parcels of taxable property in proposed CFD No. 32 to pay the principal of and interest on the bonds of proposed CFD No. 32 which may be issued and sold to finance the Facilities and/or to pay or accumulate funds for paying the costs of the design, construction and acquisition of the Facilities for the benefit of parcels of property in proposed CFD No. 32 shall be as set forth in Exhibit "A" attached hereto and by this reference made a part hereof (the "RMA").

The maximum amounts of special taxes which may be levied in any year on parcels within proposed CFD No. 32 which are used for private residential purposes ("Residential Parcels") are specified in dollar amounts in Exhibit "A" hereto. Special taxes shall not be levied on any Residential Parcels to pay the principal of and interest on outstanding bonds of proposed CFD No. 32 after the tax or fiscal year beginning on July 1, 2059 and ending on June 30, 2060, and that fiscal year shall be the last tax year in which special taxes shall be levied on Residential Parcels for such purpose. Under no circumstances shall the Special Tax levied in any Fiscal Year against any Assessor's Parcel for which an occupancy permit for private residential use has been issued be increased as a consequence of delinquency or default by the owner or owners of any other Assessor's Parcel(s) within CFD No. 32 by more than 10% above the amount that would have been levied in that Fiscal Year had there never been any such delinquencies or defaults. To the extent that the levy of the Special Tax on certain Assessor's Parcels is limited by the provision in the previous sentence, the levy of the Special Tax on each Assessor's Parcel of all other property shall continue in equal percentages at up to 100% of the Assigned Special Tax. Terms used in this Section that are not defined have the meanings given such terms in the RMA.

The conditions under which the obligation to pay the special taxes may be prepaid and permanently satisfied are as set forth in Exhibit "A" hereto.

Pursuant to Section 53340 of the California Government Code, said special taxes shall be collected in the same manner and at the same time as ordinary ad valorem property taxes; provided, however, that CFD No. 32 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

Section 5. Exempt Properties. Pursuant to Section 53340 of the California Government Code, and except as provided in Exhibit "A" and Section 53317.3 of said Code,

properties of entities of the state, federal, and local governments shall be exempt from the levy of special taxes for the payment of the principal of and interest on the bonds of proposed CFD No. 32.

Section 6. Necessity. The Board of Education finds that the proposed Facilities described in Section 3 hereof are necessary to meet increased demands placed upon the District, the County, the Water District, and the City as a result of new development occurring within the boundaries of proposed CFD No. 32.

Section 7. Repayment of Funds Advanced or Work-in-Kind. Pursuant to Section 53314.9 of the California Government Code, the Board of Education proposes to accept advances of funds or work-in-kind from private persons or private entities and to provide, by resolution, for the use of those funds or that work-in-kind for any authorized purpose, including but not limited to, paying any costs incurred by the District in establishing proposed CFD No. 32, and to enter into an agreement, by resolution, with the person or entity advancing the funds or work-in-kind to repay funds advanced, or to reimburse the person or entity for the value, or cost, whichever is less, of the work-in-kind, as determined by the Board of Education.

Section 8. Prohibition of Owner Contracts. Pursuant to Section 53329.5 of the California Government Code, the Board of Education finds that the public interest will not be served by allowing the owners of property within proposed CFD No. 32 to enter into a contract in accordance with subdivision (a) of that section, and that such owners shall not be permitted to elect to perform the work and enter into a written contract with the District for the construction for the public facilities pursuant to said Section 53329.5.

Section 9. Hearing. A public hearing on the formation of proposed CFD No. 32 shall be held at 6:00 p.m. on July 18, 2016, in the meeting room of the Board of Education located at 6735 Magnolia Avenue, Riverside, California.

Section 10. Notice. The Clerk shall publish a notice of the time and place of said hearing as required by Section 53322 of the California Government Code, and shall also give notice of the time and place of said hearing by first-class mail to each registered voter and to each landowner within proposed CFD No. 32 as prescribed by Section 53322.4 of said Code. Said notice shall be published at least seven (7) days and mailed at least 15 days before the date of the hearing, and shall contain the information required by said Section 53322.

Section 11. Reports. The officers of the District who will be responsible for providing the proposed types of Facilities to be provided within and financed by proposed CFD No. 32, if it is established, shall study the proposed district, and, at or before the time of said hearing, file a report or reports with the Board of Education containing a brief description of the Facilities by type which will in their opinion be required to adequately meet the needs of proposed CFD No. 32, and their estimate of the fair and reasonable cost of providing those Facilities and the incidental expenses to be incurred in connection therewith. All such reports shall be made a part of the record of the hearing to be held pursuant to Section 9 hereof.

Section 12. Description of Voting Procedures. The voting procedures to be followed shall be pursuant to Section 53326 of the California Government Code and pursuant to the applicable provisions of the Elections Code.

3-4	Residential Property	3,801 to 4,000 sq. ft.	\$5,455 per Dwelling Unit
3-5	Residential Property	3,401 to 3,800 sq. ft.	\$5,302 per Dwelling Unit
3-6	Residential Property	< 3,401 sq. ft.	\$4,955 per Dwelling Unit
3-7	Non-Residential Property	N/A	\$16,366 per Acre

c. Backup Special Tax

The Backup Special Tax shall be calculated independently for each Tax Zone. The aggregate Backup Special Tax attributable to property within a Final Map within a Tax Zone shall be determined by multiplying the Acreage of all Taxable Property located within such Final Map, excluding current or expected Non-Residential Property, Taxable Public Property and Taxable Property Owner Association Property, if any, in such Final Map, by the amount shown in Table 4 for such Tax Zone and dividing the product by the total number of dwelling units expected to be constructed within such Final Map.

TABLE 4
Backup Special Tax
All Tax Zones

Tax Zone	Backup Special Tax
1	\$19,326 per Acre
2	\$16,118 per Acre
3	\$16,366 per Acre

Notwithstanding the foregoing, if all or any portion of a Final Map is subsequently changed or modified, then the Backup Special Tax for each Assessor's Parcel of Residential Property in such Final Map, or the portion

thereof that is changed or modified, shall be a rate per Acre calculated as follows:

1. Determine the total Backup Special Taxes anticipated to apply to the changed or modified portion of the Final Map prior to the change or modification.
2. Divide the amount determined pursuant to paragraph 1 above by the total Acreage of Residential Property excluding Taxable Public Property and Taxable Property Owner Association Property which is ultimately expected to exist in such changed or modified Final Map area, as reasonably determined by the CFD Administrator.
3. The result is the Backup Special Tax per Acre which shall be applicable to all Assessor's Parcels of Residential Property in such changed or modified Final Map.

2. Undeveloped Property, Taxable Property Owner Association Property, and Taxable Public Property

The Maximum Special Tax for each Assessor's Parcel of Undeveloped Property, Taxable Property Owner Association Property, and Taxable Public Property in a particular Tax Zone shall be equal to the amount shown in the table below.

TABLE 5
Maximum Special Taxes for Taxable Property Owner Association Property, Taxable Public Property, or Undeveloped Property
All Tax Zones

Tax Zone	Maximum Special Tax
1	\$19,326 per Acre
2	\$16,118 per Acre
3	\$16,366 per Acre

2. Multiple Land Uses

In some instances an Assessor's Parcel may contain both Undeveloped Property and Developed Property. Furthermore, Developed Property may contain more than one Land Use Class.

In such cases, the Acreage of the Assessor's Parcel shall be allocated between Developed Property and Undeveloped Property based the portion of the Assessor's Parcel for which building permits had been issued prior to January 1 of the prior Fiscal Year and portion of the Assessor's Parcel for which building

permits had not been issued prior to January 1 of the prior Fiscal Year. The Acreage that is considered Developed Property shall be allocated between Residential Property and Non-Residential Property based on the site plan. The Maximum Special Tax that can be levied on such Assessor's Parcel shall be the sum of the Maximum Special Tax that can be levied on each type of property located on that Assessor's Parcel.

The CFD Administrator's allocation to each type of property shall be final.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

For each Fiscal Year, commencing Fiscal Year 2017-2018, the Board shall determine the Special Tax Requirement and shall levy the Special Tax as follows:

First: Prior to the issuance of the final series of Bonds (other than refunding Bonds), the Special Tax shall be levied on each Assessor's Parcel of Developed Property at 100% of the applicable Assigned Special Tax. Following the issuance of the final series of Bonds (other than refunding Bonds), the Special Tax shall be levied Proportionately on each Assessor's Parcel of Developed Property at up to 100% of the applicable Assigned Special Tax to satisfy the Special Tax Requirement;

Second: If additional monies are needed to satisfy the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property;

Third: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the levy of the Special Tax on each Assessor's Parcel of Developed Property whose Maximum Special Tax is determined through the application of the Backup Special Tax shall be increased in equal percentages from the applicable Assigned Special Tax up to 100 percent of the Maximum Special Tax for each such Assessor's Parcel;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property or Taxable Public Property at up to the Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

Notwithstanding the above, pursuant to Section 53321(d)(3) of the California Government Code, under no circumstances will the Special Tax levied in any Fiscal Year against any Assessor's Parcel for which an occupancy permit for private residential use has been issued be increased as a consequence of delinquency or default by the owner or owners of any other Assessor's Parcel(s) within CFD No. 32 by more than 10% above the amount that would have been levied in that Fiscal Year had there never been any such delinquencies or defaults. To the extent that the levy of the Special Tax on certain Assessor's Parcels is limited by the provision in the previous sentence, the levy of the

Special Tax on each Assessor's Parcel of all other property shall continue in equal percentages at up to 100% of the Assigned Special Tax.

E. EXEMPTIONS

The Board shall not levy Special Taxes on (i) Property Owner Association Property or Public Property in Tax Zones 1 through 3 provided that an Assessor's Parcel shall not be exempt and shall be classified as Taxable Property Owner Association Property and Taxable Public Property if exempting such property would reduce the sum of all Taxable Property to less than the minimum taxable Acreage amounts shown in the table below and (ii) any Parcels for which the obligation to pay the Special Tax has been prepaid in full pursuant to Section G.

TABLE 6

Tax Zone	Minimum Taxable Acreage
1	28.03 Acres
2	41.21 Acres
3	36.93 Acres

Tax-exempt status for the Acreage of Parcels or portions of Parcels of Public Property and Property Owner Association Property will be irrevocably assigned by the District in the chronological order in which such Parcels or portions of Parcels within each Tax Zone become Exempt Property.

Property Owner Association Property or Public Property that is not exempt from Special Taxes under this section shall be subject to the levy of the Special Tax and shall be taxed Proportionately as part of the fourth step in Section D above, at up to 100% of the applicable Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

F. APPEALS/INTERPRETATION

Any taxpayer may file a written appeal of the Special Tax levied on his/her property with the CFD Administrator, provided that the appellant is current in his/her payments of Special Taxes. During the pendency of an appeal, all Special Taxes previously levied must be paid on or before the payment date established when the levy was made. The appeal must specify the reasons why the appellant claims the calculation of the Special Tax is in error. The CFD Administrator shall review the appeal, meet with the appellant if the CFD Administrator deems necessary, and advise the appellant of its determination. If the CFD Administrator agrees with the appellant, the CFD Administrator shall eliminate or reduce the Special Tax on the appellant's property and/or provide a refund to the appellant. If the CFD Administrator disagrees with the appellant and the appellant is dissatisfied with the determination, the appellant then has 30 days in which to appeal to

the Board by filing a written notice of appeal with the clerk of the Board, provided that the appellant is current in his/her payments of Special Taxes. The second appeal must specify the reasons for its disagreement with the CFD Administrator's determination.

Interpretations may be made by the Board by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment.

G. MANNER OF COLLECTION

The Special Tax will be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 32 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

H. PREPAYMENT OF SPECIAL TAX

The following definition applies to this Section H:

"CFD Public Facilities Cost" means either \$21.4 million in 2016 dollars, which shall increase by the Inflater on July 1, 2017, and on each July 1 thereafter, or such lower number as (i) shall be determined by the CFD Administrator as sufficient to provide the public facilities to be provided by CFD No. 32 under the authorized bonding program for CFD No. 32, or (ii) shall be determined by the Board concurrently with a covenant that it will not issue any more Bonds to be supported by Special Taxes levied under this Rate and Method of Apportionment as described in Section D.

"Construction Fund" means an account specifically identified in the Indenture to hold funds which are currently available for expenditure to acquire or construct public facilities eligible under the Act.

"Construction Inflation Index" means the Marshall & Swift Western Region Class D Wood Frame Index, or if the Marshall & Swift Western Region Class D Wood Frame Index ceases to be used by the State Allocation Board, a reasonably comparable index used by the State Allocation Board to estimate changes in school construction costs, or in the absence of such an index, the Engineering News Record, Construction Cost Index (Los Angeles Area) published by McGraw-Hill, Inc.

"Inflater" means the greater of (i) the annual percentage change in the Construction Inflation Index, as calculated for the twelve (12) months ending December 31 of the prior calendar year or (ii) three percent (3.0%).

"Future Facilities Costs" means the CFD Public Facilities Cost minus (i) public facility costs previously paid from the Construction Fund, (ii) moneys currently on deposit in the Construction Fund, and (iii) moneys currently on deposit in an escrow fund that are expected to be available to finance facilities costs.

"Outstanding Bonds" means all Previously Issued Bonds which are deemed to be outstanding under the Indenture after the first interest and/or principal payment date following the current Fiscal Year.

"Previously Issued Bonds" means all Bonds that have been issued by CFD No. 32 prior to the date of prepayment.

1. Prepayment in Full

The obligation of an Assessor’s Parcel to pay the Special Tax may be prepaid and permanently satisfied as described herein; provided that a prepayment may be made only for Assessor’s Parcels of Developed Property or Undeveloped Property for which a building permit has been issued, and only if there are no delinquent Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. An owner of an Assessor’s Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the prepayment amount of such Assessor’s Parcel. The CFD Administrator may charge a reasonable fee for providing this service. Prepayment must be made not less than 45 days prior to the next occurring date that notice of redemption of Bonds from the proceeds of such prepayment may be given to the Trustee pursuant to the Indenture.

The Prepayment Amount (defined below) shall be calculated as summarized below (capitalized terms as defined below):

	Bond Redemption Amount
plus	Redemption Premium
plus	Future Facilities Amount
plus	Defeasance Amount
plus	Administrative Fees and Expenses
less	Reserve Fund Credit
<u>less</u>	<u>Capitalized Interest Credit</u>
Total: equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined below) shall be calculated as follows:

Paragraph No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor’s Parcel.
2. For Assessor’s Parcels of Developed Property, compute the Assigned Special Tax and Backup Special Tax applicable for the Assessor’s Parcel to be prepaid. For Assessor’s Parcels of Undeveloped Property (for which a building permit has

been issued) to be prepaid, compute the Assigned Special Tax and Backup Special Tax for that Assessor's Parcel as though it was already designated as Developed Property, based upon the building permit which has already been issued for that Assessor's Parcel.

3. (a) Divide the Assigned Special Tax computed pursuant to paragraph 2 by the total estimated Assigned Special Taxes for the entire CFD No. 32 based on the Developed Property Special Taxes which could be charged in the current Fiscal Year on all expected development through buildout of CFD No. 32, excluding any Assessor's Parcels which have been prepaid, and

(b) Divide the Backup Special Tax computed pursuant to paragraph 2 by the estimated Backup Special Taxes at buildout of CFD No. 32 using the Backup Special Tax amount for the current Fiscal Year, excluding any Assessor's Parcels which have been prepaid.
4. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "Bond Redemption Amount").
5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "Redemption Premium").
6. Compute the current Future Facilities Costs.
7. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the "Future Facilities Amount").
8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the earliest redemption date for the Outstanding Bonds.
9. Determine the Special Taxes levied on the Assessor's Parcel in the current Fiscal Year which have not yet been paid.
10. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount (as defined below) less the Future Facilities Amount and the Administrative Fees and Expenses (as defined below) from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.
11. Add the amounts computed pursuant to paragraphs 8 and 9 and subtract the amount computed pursuant to paragraph 10 (the "Defeasance Amount").

12. Verify the administrative fees and expenses of CFD No. 32, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "Administrative Fees and Expenses").
13. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Indenture) on the prepayment date, a reserve fund credit shall be calculated as a reduction in the applicable reserve requirement for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "Reserve Fund Credit"). No Reserve Fund Credit shall be granted if reserve funds are below 100% of the reserve requirement.
14. If any capitalized interest for the Outstanding Bonds will not have been expended at the time of the first interest and/or principal payment following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the expected balance in the capitalized interest fund after such first interest and/or principal payment (the "Capitalized Interest Credit").
15. The Special Tax prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 11 and 12, less the amounts computed pursuant to paragraphs 13 and 14 (the "Prepayment Amount").
16. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 11, 13 and 14 shall be deposited into the appropriate fund as established under the Indenture and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to paragraph 7 shall be deposited into the construction fund. The amount computed pursuant to paragraph 12 shall be retained by CFD No. 32.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Indenture to be used with the next prepayment of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 9 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel that is prepaid, the Board shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of Special Taxes and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Assigned Special Taxes that may be levied on Taxable Property (excluding Taxable Property Owner Association Property and Taxable Public Property) within CFD No. 32 both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the applicable annual debt service on all Outstanding Bonds.

2. Prepayment in Part

The Special Tax on an Assessor’s Parcel of Developed Property or an Assessor’s Parcel of Undeveloped Property for which a building permit has been issued may be partially prepaid. The amount of the prepayment shall be calculated as in Section H.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_E - A) \times F + A$$

These terms have the following meaning:

- PP = the partial prepayment
- P_E = the Prepayment Amount calculated according to Section H.1
- F = the percentage by which the owner of the Assessor’s Parcel(s) is partially prepaying the Special Tax.
- A = the Administration Fees and Expenses from Section H.1

The owner of any Assessor’s Parcel who desires such partial prepayment shall notify the CFD Administrator of such owner’s intent to partially prepay the Special Tax and the percentage by which the Special Tax shall be prepaid. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax for an Assessor’s Parcel within thirty (30) days of the request and may charge a reasonable fee for providing this service. With respect to any Assessor’s Parcel that is partially prepaid, the School District shall (i) distribute the funds remitted to it according to Section H.1, and (ii) indicate in the records of CFD No. 32 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax with respect to such Assessor’s Parcel, equal to the outstanding percentage (1.00 - F) of the Maximum Special Tax, shall continue to be levied on such Assessor’s Parcel pursuant to Section D.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Assigned Special Taxes that may be levied on Taxable Property (excluding Taxable Property Owner Association Property and Taxable Public Property) within CFD No. 32 both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

I. TERM OF SPECIAL TAX

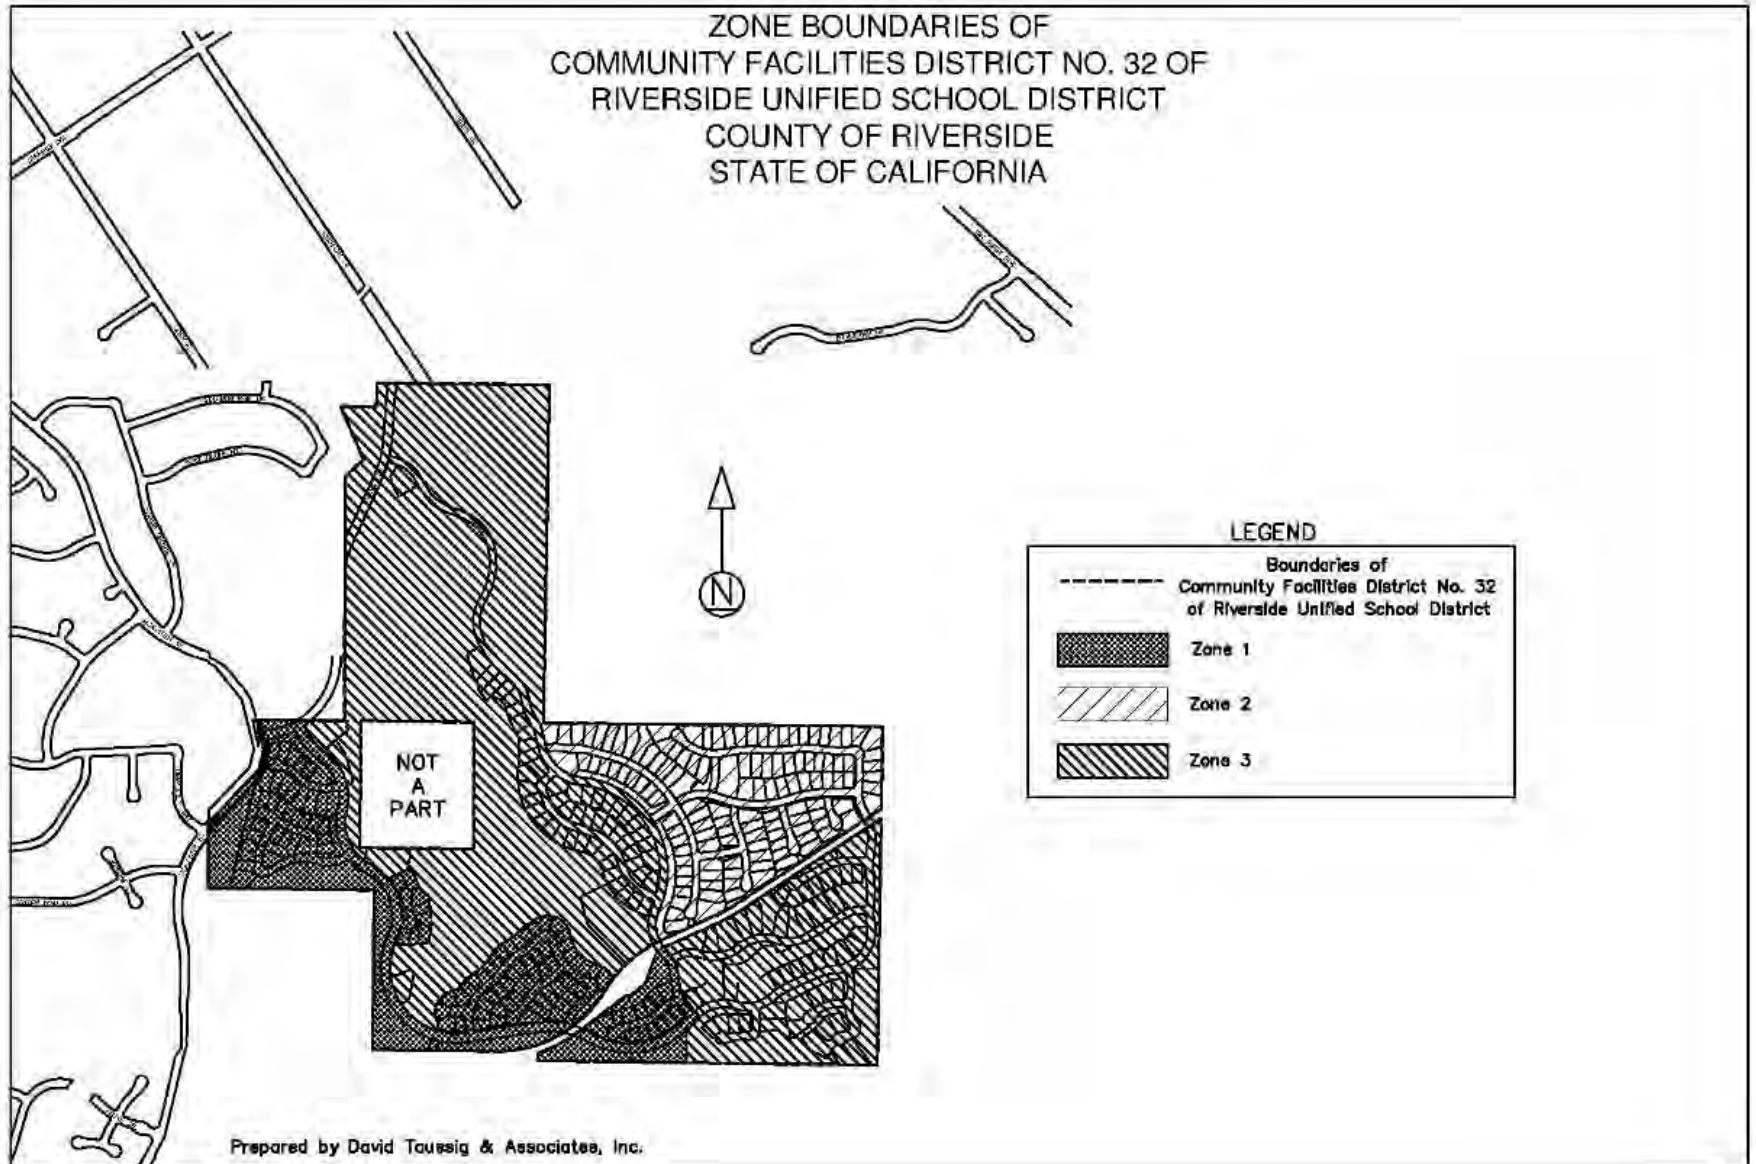

The Special Tax shall be levied for the period necessary to fully satisfy the Special Tax Requirement, but in no event shall it be levied after Fiscal Year 2059-2060.

J. RELIEF FROM BACKUP SPECIAL TAX

All Assessor's Parcels within CFD No. 32 will be relieved simultaneously and permanently from the obligation to pay and disclose the Backup Special Tax if the Board determines that the total amount of the Special Taxes which could be levied in any Fiscal Year on all Assessor's Parcels of Developed Property based on the Assigned Special Tax Rates for such Assessor's Parcels less the expected Administrative Expenses would be at least equal to one hundred and ten percent (110%) of maximum annual debt service on the outstanding Bonds.

JOINT COMMUNITY FACILITIES AGREEMENT

THIS JOINT COMMUNITY FACILITIES AGREEMENT (the “**Agreement**”) is entered into effective as of the ____ day of ____, 2015, by and among RIVERSIDE UNIFIED SCHOOL DISTRICT, a school district organized and existing under the laws of the State of California (“**District**”), the WESTERN MUNICIPAL WATER DISTRICT, a public agency organized and existing pursuant to Division 20 of the California Water Code (“**WMWD**”), and LENNAR HOMES OF CALIFORNIA, INC., a California corporation (“**Property Owner**”). This Agreement relates to the proposed formation by District of a community facilities district to be known as “Riverside Unified School District Community Facilities District No. 32” (the “**CFD**”) for the purpose of financing certain facilities to be owned, operated or maintained by District, the County of Riverside and/or WMWD from proceeds of bonds issued by the proposed CFD. Capitalized terms used in the Agreement that are not defined in this preamble and in the Recitals shall have the meanings given such terms in Section 2 of this Agreement.

R E C I T A L S:

A. The property depicted in Exhibit “A” hereto, which is located in the County of Riverside, State of California, is owned by the Property Owner (the “**Property**”) and is proposed to constitute the land within the boundaries of the CFD. The Property is described in Exhibit “B” hereto.

B. Property Owner intends to develop the Property into 343 single family detached residential units (“**Project**”).

C. The Property Owner petitioned the District to form the CFD for the purpose of financing, among other things, the acquisition and/or construction of various public facilities to be owned and operated by WMWD as described in Exhibit "C" hereto, which facilities will benefit the Project in whole or in part, including (i) certain public facilities to be constructed by or on behalf of Property Owner and ultimately owned and operated by WMWD (the "**Acquisition Facilities**") and (ii) certain public water and sewer facilities to be constructed and owned and operated by WMWD (the “**WMWD Fee Facilities**”) in satisfaction of the payment of WMWD Fees (defined herein). Upon the construction of the Acquisition Facilities by or on behalf of Property Owner and the inspection and acceptance thereof by WMWD as described herein, the Acquisition Facilities shall become part of the WMWD system. The Acquisition Facilities and WMWD Fee Facilities are collectively referred to herein as the "**WMWD Facilities**".

D. WMWD and Property Owner agree that any Acquisition Facilities to be constructed by Property Owner shall be eligible for acquisition by WMWD and the costs thereof shall be eligible for reimbursement from the CFD Proceeds pursuant to this Agreement.

E. In conjunction with the issuance of building permits for the construction of homes on the Property and/or receipt of water meters for such homes, the Property Owner, or its successors or assigns, may elect to advance WMWD Fee Facilities costs in satisfaction of payment of WMWD Fees (the “**Advances**”) before CFD Proceeds are available in sufficient amounts to pay for WMWD Fee Facilities. In such case, the Property Owner (i) shall be entitled to reimbursement of such Advances solely from CFD Proceeds allocated to WMWD by the District and (ii) shall be deemed to have satisfied WMWD Fees in the amount of such Advances which would otherwise be due to WMWD for WMWD Fee Facilities, all as further described herein.

F. The District will have sole discretion and responsibility for the formation and administration of the CFD.

G. The District is authorized by Section 53313.5 of the Act to assist in the financing of the acquisition and/or construction of the WMWD Facilities. This Agreement constitutes a joint community facilities agreement, within the meaning of Section 53316.2 of the Act, by and among WMWD, the District and the Property Owner, pursuant to which the CFD, when and if formed, will be authorized to finance the acquisition and/or construction of all or a portion of the WMWD Facilities. As authorized by Section 53316.6 of the Act, responsibility for constructing, providing for and operating the WMWD Facilities is delegated to WMWD.

H. The parties hereto find and determine that the residents residing within the boundaries of WMWD, the District and the CFD will be benefited by the construction and/or acquisition of the WMWD Facilities and that this Agreement is beneficial to the interests of such residents.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the parties hereto agree as follows:

4. Use of CFD Proceeds. The District, in consultation with the Property Owner shall, from time to time as CFD Proceeds become available, determine the amount of CFD Proceeds to be deposited in the Other Facilities Accounts of the Improvement Fund and each subaccount thereof.

5. Disbursements for WMWD Fee Facilities.

a. Upon the funding of the Other Facilities Accounts of the Improvement Fund, the District shall notify WMWD of the amount of CFD Proceeds to be reserved to fund WMWD Fee Facilities and WMWD may execute and submit a Disbursement Request for payment to the District requesting disbursement of such amount from the Other Facilities Accounts of the Improvement Fund to the extent such funds are available in the Other Facilities Accounts of the Improvement Fund. Upon WMWD's receipt of funds pursuant to such Disbursement Request, Property Owner shall receive reimbursement of the Advances from WMWD to the extent of the amount of CFD Proceeds received for WMWD Fee Facilities. Upon such notice and WMWD's receipt of such disbursement relating to WMWD Fee Facilities, Property Owner shall be deemed to have satisfied the applicable WMWD Fees with respect to the number of dwelling units or lots for which the WMWD Fees would otherwise have been required in an amount equal to such disbursement.

b. From time to time following the funding of the Other Facilities Accounts of the Improvement Fund from additional CFD Proceeds, the Property Owner may notify WMWD in writing and WMWD may request a further disbursement from the Other Facilities Accounts of the Improvement Fund to fund WMWD Fee Facilities by executing and submitting an executed Disbursement Request to the CFD. Upon receipt of such Disbursement Request completed in accordance with the terms of this Agreement, the CFD

shall wire transfer or otherwise pay to WMWD such requested funds to the extent that CFD Proceeds are available in the Other Facilities Accounts of the Improvement Fund for such purpose. Upon such notice and WMWD's receipt of such disbursement relating to WMWD Fee Facilities, Property Owner shall be deemed to have satisfied the applicable WMWD Fees with respect to the number of dwelling units or lots for which the WMWD Fees would otherwise have been required in an amount equal to such disbursement.

c. WMWD agrees that prior to submitting a Disbursement Request requesting payment from the CFD it shall review and approve all costs included in its request and will have already paid or incurred such costs of WMWD Fee Facilities from its own funds subsequent to the date of this Agreement, or will disburse such amounts to pay the costs of WMWD Fee Facilities following receipt of funds from the CFD. In the event that WMWD does not disburse any CFD Proceeds received by it to third parties within five banking days of receipt, it will trace and report to the CFD all earnings, if any, earned by WMWD, from the date of receipt of such CFD Proceeds by WMWD to the date of expenditure by WMWD for capital costs of the WMWD Fee Facilities. Such report shall be delivered at least semiannually until all CFD Proceeds are expended by WMWD. WMWD agrees that in processing the above disbursements it will comply with all legal requirements for the expenditure of CFD Proceeds under the Internal Revenue Code of 1986 and any amendments thereto.

d. WMWD agrees to maintain adequate internal controls over its payment function and to maintain accounting records in accordance with generally accepted accounting procedures. WMWD will, upon request, provide District and/or Property Owner with access to WMWD's records related to the WMWD Fee Facilities and will provide to District its annual financial report certified by an independent certified public accountant for purposes of assisting District in calculating the arbitrage rebate obligation of the CFD, if any.

e. District or the CFD agrees to maintain full and accurate records of all amounts, and investment earnings, if any, expended from the Other Facilities Accounts of the Improvement Fund. District or the CFD will, upon request, provide WMWD and/or Property Owner with access to District's or the CFD's records related to the Other Facilities Accounts of the Improvement Fund.

f. Nothing herein shall supersede the obligation of an owner of the Property to make an Advance or pay WMWD Fees to WMWD when due. The purpose of this Agreement is to provide a mechanism by which the CFD may issue the Bonds to provide a source of funds to finance WMWD Fee Facilities in satisfaction of the payment of WMWD Fees. In the event that CFD Proceeds, including investment earnings thereon, are not available or sufficient to satisfy the obligation, then the Property Owner shall remain obligated to make an Advance or pay WMWD Fees to WMWD as a condition of receiving water service to the Property.

6. Ownership of WMWD Fee Facilities. At all times, the WMWD Fee Facilities shall be and remain the property of WMWD.

7. Acquisition Facilities. The Parties acknowledge that WMWD may require the Property Owner, pursuant to the WMWD Rules and Regulations, to design, construct and dedicate to WMWD the Acquisition Facilities as a condition to providing water and sewer service to the Property. The following provisions of this Section 7 shall apply solely with respect to those Acquisition Facilities to be constructed by Property Owner and acquired by WMWD with CFD Proceeds.

a. **Construction of Acquisition Facilities.**

i) The Property Owner will complete the Plans and Specifications for such Acquisition Facilities. The Plans and Specifications shall include WMWD's standard specifications and shall be subject to WMWD approval, which shall not be unreasonably withheld. WMWD agrees to process any Plans and Specifications for approval with reasonable diligence and in a timely manner. The Property Owner may proceed with the construction of any such Acquisition Facilities in accordance with the provisions of Section 7(b) hereof.

ii) The cost of all surveying, compaction testing and report costs associated with such Acquisition Facilities furnished and constructed by any contractors or sub-contractors (collectively, "**Contractors**") shall be included among the Actual Costs which are eligible to be paid from the Other Facilities Accounts of the Improvement Fund upon WMWD approval.

iii) WMWD shall not be responsible for conducting any environmental, archaeological, biological, or cultural studies or any mitigation requirements related to the Acquisition Facilities to be constructed by Property Owner that may be requested by appropriate Federal, State, and/or local agencies. Any such work shall be paid for and such work shall be conducted by, or on behalf of Property Owner and the Actual Costs of such work shall be eligible to be paid from the Other Facilities Accounts of the Improvement Fund.

b. **Public Works Requirements.** In order to insure that the Acquisition Facilities to be constructed by the Property Owner and acquired with CFD Proceeds will be constructed as if they had been constructed under the direction and supervision, or under the authority of, WMWD, so that they may be acquired by WMWD pursuant to Government Code Section 53313.5, the Property Owner shall comply with all of the following requirements:

i) The Property Owner shall solicit a minimum of three (3) bids from firms reasonably determined to be qualified to construct the Acquisition Facilities in conformance with the Plans and Specifications; and

ii) The contract or contracts for the construction of such Acquisition Facilities shall be awarded to the responsible bidder(s) submitting the lowest responsive bid(s) for the construction of such Acquisition Facilities; and

iii) The Property Owner shall require, and the specifications and bid and contract documents shall require all such Contractors to pay prevailing wages and to

otherwise comply with applicable provisions of the Labor Code, Government Code and Public Contract Code relating to public works projects to the extent expressly applicable to a non- governmental entity constructing infrastructure to be acquired by a public entity; and

iv) Said Contractors shall be required to furnish labor and material payment bonds and contract performance bonds in an amount equal to 100 percent of the contract price naming the Property Owner and WMWD as obligees and issued by insurance or surety companies reasonably approved by WMWD. All such bonds shall be in a form approved by the WMWD Representative. Rather than requiring its Contractors to provide such bonds, the Property Owner may elect to provide the same for the benefit of its Contractors; and

v) All such Contractors shall be required to provide proof of insurance coverage throughout the term of the construction of such Acquisition Facilities which they will construct in conformance with the approved Plans and Specifications; and

vi) The Property Owner and all such Contractors shall comply with such other requirements relating to the construction of such Acquisition Facilities which WMWD may impose by written notification delivered to the Property Owner and each such Contractor at any time either prior to the receipt of bids by the Property Owner for the construction of such Acquisition Facilities or, to the extent required as a result of changes in applicable laws, during the progress of construction thereof. In accordance with this Section 7(b), the Property Owner shall be deemed the awarding body and shall be solely responsible for compliance and enforcement of the provisions of the Labor Code, Government Code, and Public Contract Code to the extent expressly applicable to a non-governmental entity constructing infrastructure to be acquired by a public entity.

c. Inspection; Completion of Construction.

i) WMWD shall have primary responsibility for providing inspection of the construction of the Acquisition Facilities constructed by the Property Owner to insure that the construction is accomplished in accordance with the Plans and Specifications. WMWD's personnel shall have access to the site of the work at all reasonable times for the purpose of accomplishing such inspection. Upon Substantial Completion of the construction of such Acquisition Facilities by Property Owner, the Property Owner shall notify WMWD in writing that the construction of such Acquisition Facilities has been Substantially Completed.

ii) Upon receiving such written notification from the Property Owner. and upon receipt of written notification from its inspectors that construction of any of the Acquisition Facilities by Property Owner has been Substantially Completed, WMWD shall within 15 days notify the Property Owner in writing that the construction of such Acquisition Facilities has been satisfactorily completed. Upon receiving such notification, the Property Owner shall forthwith file with the County Recorder of the County of Riverside a Notice of Completion pursuant to the provisions of Section 3093 of the Civil Code. The Property Owner shall furnish to WMWD a duplicate copy of each such Notice of Completion showing thereon the date of filing with the County Recorder. Any actual costs reasonably incurred by WMWD in inspecting and approving the construction of any Acquisition Facilities by Property Owner not previously paid by the Property Owner shall be an Actual

Cost eligible to be reimbursed from the Other Facilities Accounts of the Improvement Fund or paid directly by Property Owner.

d. **Allocation of Costs.** If Property Owner incurs costs that (1) apply to more than one Acquisition Facility (e.g., soft costs) or (2) apply to both Acquisition Facilities and improvements other than the Acquisition Facilities (e.g., grading), Property Owner shall allocate, or cause the contractor to reasonably allocate, such costs between the Acquisition Facilities (in the case of clause (1)) or between the Acquisition Facilities and the improvements other than the Acquisition Facilities (in the case of clause (2)) (the “**WMWD Facilities Allocation**”). The WMWD Facilities Allocation shall be presumed to be reasonable and shall be accepted for all purposes of this Agreement unless WMWD notifies Property Owner of its good-faith reasonable disapproval of the allocation within five (5) days of submittal of the payment request. If WMWD has properly disapproved the WMWD Facilities Allocation, then WMWD and Property Owner shall promptly allocate such costs, on a reasonable basis, between the Acquisition Facilities (in the case of clause (1)) or between the Acquisition Facilities and the improvements other than the Acquisition Facilities (in the case of clause (2)) (the “**Agreed-Upon Allocation**”). Based on the WMWD Facilities Allocation or the Agreed-Upon Allocation, as applicable, WMWD shall include the costs allocated to a specific Acquisition Facility as part of the Actual Costs of such Acquisition Facility when such Acquisition Facility is subject to a payment request.

e. **Liens.**

i) Upon the expiration of the time for the recording of claim of liens as prescribed by Sections 3115 and 3116 of the Civil Code, the Property Owner shall provide to WMWD such evidence or proof as WMWD shall require that all persons, firms and corporations supplying work, labor, materials, supplies and equipment on behalf of Property Owner for the construction of any Acquisition Facilities have been paid, and that no claims of liens have been recorded by or on behalf of any such person, firm or corporation.

f. **Acquisition, Acquisition Price; Source of Funds.**

i) Provided the Property Owner has complied with the requirements of this Agreement, WMWD agrees to acquire the Acquisition Facilities from the Property Owner. Notwithstanding the above, nothing herein shall be construed as requiring Property Owner to construct and deliver any Acquisition Facility. The price to be paid by the CFD for the acquisition of such Acquisition Facilities by WMWD (the "Acquisition Price") shall be the lesser of (i) the value of the Acquisition Facilities or (ii) the total of the Actual Costs of the Acquisition Facilities as approved by WMWD. The Property Owner shall transfer ownership of the Acquisition Facilities to WMWD by grant deed, bill of sale or such other documentation as WMWD may require. Upon the transfer of ownership of the Acquisition Facilities or any portion thereof from the Property Owner to WMWD, WMWD shall be responsible for the maintenance of the Acquisition Facilities or the portion transferred.

ii) For purposes of determining the Acquisition Price to be paid by the CFD for the acquisition of the Acquisition Facilities by WMWD, the value of such

improvements shall be presumed to be the amount determined by the WMWD engineer to be the value of the Acquisition Facilities based on the Actual Costs submitted by the Property Owner, as hereinbefore specified; provided, however, that if the WMWD engineer determines that such Actual Costs, or any of them, are excessive and that the value of the Acquisition Facilities is less than the total amount of such Actual Costs, the Acquisition Price to be paid by the CFD for the acquisition of the Acquisition Facilities shall be the value thereof as determined by the WMWD engineer.

iii) Upon completion of the construction of any Acquisition Facilities by Property Owner, the Property Owner shall deliver to WMWD copies of the contract(s) with the Contractor(s) who have constructed the Acquisition Facilities or other relevant documentation with regard to the payments made to such Contractor(s) and each of them for the construction of such Acquisition Facilities, and shall also provide to WMWD copies of all invoices and purchase orders with respect to all supplies and materials purchased for the construction of such Acquisition Facilities. WMWD shall require the WMWD engineer to complete its determination of the value of the Acquisition Facilities as promptly as is reasonably possible.

iv) To the extent funds are available therein, the Acquisition Price of any Acquisition Facilities may be determined and paid out of the Other Facilities Accounts of the Improvement Fund prior to transfer of ownership of the Acquisition Facilities to WMWD upon a determination of Substantial Completion of such Acquisition Facility. Property Owner shall submit a payment request form to the District or the CFD which must also contain therewith approval of WMWD, which approval shall not be unreasonably withheld.

v) Notwithstanding the preceding provisions of this section, the sole source of funds for the acquisition by WMWD of the Acquisition Facilities or any portion thereof shall be the CFD Proceeds made available by the CFD pursuant to Section 4 above. If for any reason beyond WMWD's control, the proceedings for the formation of the CFD are not completed or the Bonds are not sold, WMWD shall not be required to acquire any Acquisition Facilities from the Property Owner. In such event, the Property Owner shall complete the design and construction and offer to the WMWD ownership of such portions of Acquisition Facilities as are required to be constructed by the Property Owner as a condition to recordation of subdivision maps for the Property or any other agreement between Property Owner and WMWD, but need not construct any portion of the Acquisition Facilities which it is not so required to construct.

g. **Easements.** The Property Owner shall, at the time WMWD acquires the Acquisition Facilities as provided in Section 7(f) hereof, grant to WMWD, by appropriate instruments prescribed by WMWD, all easements on private property which may be reasonably necessary for the proper operation and maintenance of such Acquisition Facilities, or any part thereof.

h. **Maintenance.**

i) Prior to the transfer of ownership of an Acquisition Facility by the Property Owner to WMWD, as provided in Section 7(f) hereof, the Property Owner shall be responsible for the maintenance thereof and shall maintain and transfer such Acquisition Facility to WMWD in as good condition as the Acquisition Facility was in at the time the Property Owner notified the WMWD that construction of same had been completed in accordance with the Plans and Specifications.

ii) After WMWD has accepted an Acquisition Facility, and to the extent that the Property Owner has any post-acceptance obligations to maintain the Acquisition Facility, the terms “maintain” and “maintenance” mean the repair, replacement, or correction of any defects in the Acquisition Facility, and shall not mean the day-to-day upkeep or correction of normal wear and tear of the Acquisition Facility (such as watering or weeding for landscape improvements, painting, graffiti removal, etc.).

i. **Responsibility for Acquisition Facilities.** The Parties acknowledge and agree that all responsibility and obligation for the design, construction and dedication of such Acquisition Facilities to WMWD, in accordance with all applicable statutes and the WMWD Rules and Regulations, shall be and remain the responsibility of the Property Owner. The Parties acknowledge and agree that all responsibility and obligation for the design, construction and dedication of such Acquisition Facilities to WMWD, in accordance with all applicable statutes and the WMWD Rules and Regulations, shall be and remain the responsibility of the Property Owner.

8. Indemnification.

a. **Indemnification by District.** District shall assume the defense of, indemnify and save harmless, WMWD, its respective officers, employees and agents, and each and every one of them, from and against all actions, damages, claims, losses or expenses of every type and description to which they may be subjected or put, by reason of, or resulting from, any act or omission of District with respect to this Agreement and the issuance of the Bonds; provided, however, that District shall not be required to indemnify any person or entity as to damages resulting from negligence or willful misconduct of such person or entity or their officers, agents or employees.

b. **Indemnification by WMWD.** WMWD shall assume the defense of, indemnify and save harmless, District and the CFD, their respective officers, employees and agents, and each and every one of them, from and against all actions, damages, claims, losses or expenses of every type and description to which they may be subjected or put, by reason of, or resulting from, any act or omission of WMWD with respect to this Agreement, and the design, engineering and construction of the WMWD Facilities constructed by WMWD; provided, however, that WMWD shall not be required to indemnify any person or entity as to damages resulting from negligence or willful misconduct of such person or entity or their officers, agents or employees. Further, WMWD will not be liable for any defect or failure of any water facilities which have been constructed by Property Owner or its successors and assigns.

9. Expectations of the Parties. The Parties understand and agree that (i) Property Owner will be constructing Acquisition Facilities and making Advances prior to the availability of CFD Proceeds that will be used to pay for such Acquisition Facilities and WMWD Fee Facilities, (ii) WMWD may be inspecting such Acquisition Facilities and processing and completing payment requests for the payment on such Acquisition Facilities and WMWD Fee Facilities with knowledge that there may be insufficient CFD Proceeds available at such time, (iii) the Acquisition Facilities may be conveyed to and accepted by WMWD when there are insufficient CFD Proceeds to pay the Acquisition Prices of such Acquisition Facilities, and (iv) in any such case, the payment of any approved payment requests for the Acquisition Prices of such Acquisition Facilities and any WMWD Fee Facilities will be deferred until there are sufficient CFD Proceeds available to pay the Acquisition Prices of such Acquisition Facilities and the WMWD Fee Facilities, at which time the CFD will make such payments in accordance with this Agreement. At all times, Property Owner will be constructing such Acquisition Facilities with the expectation that the Acquisition Prices for such Acquisition Facilities will be paid from the CFD Proceeds. The conveyance of Acquisition Facilities to WMWD prior to receipt of the Acquisition Prices for such Acquisition Facilities shall not be construed as a dedication or gift, or a waiver of the payment of the Acquisition Prices, or any part thereof, for such Acquisition Facilities. Likewise, the Property Owner will be making Advances with the expectation that such Advances will be returned to the Property when there are sufficient CFD Proceeds to finance WMWD Fee Facilities. The payment of Advances prior to the availability of CFD Proceeds shall not be construed as a dedication or gift of the Advances, or a waiver of the return of the Advances, it being the intention that the WMWD Fee Facilities be paid by the CFD Proceeds to the extent of the CFD Proceeds.

10. Amendment and Assignment. This Agreement may be amended at any time but only in writing signed by each Party hereto. This Agreement may be assigned, in whole or in part, by the Property Owner to the purchaser of any parcel of land within the Property, provided, however, such assignment shall not be effective unless and until WMWD and District have been notified, in writing, of such assignment.

11. Entire Agreement. This Agreement contains the entire agreement between the Parties with respect to the matters provided for herein and supersedes all prior agreements and negotiations between the Parties with respect to the subject matter of this Agreement.

12. Notices. Any notice, payment or instrument required or permitted by this Agreement to be given or delivered to either Party shall be deemed to have received when personally delivered or seventy-two hours following deposit of the same in any United States Post Office in California, registered or certified, postage prepaid, addressed as follows:

15. Severability. If any part of this Agreement is held to be illegal or unenforceable by court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent reasonably possible.

16. Governing Law. This Agreement and any dispute arising hereunder shall be governed by interpreted in accordance with the laws of the State of California.

17. Waiver. Failure by a Party to insist upon the strict performance of any of the provisions of this Agreement by the other Party hereto, or the failure by a Party to exercise its rights upon the default of another Party, shall not constitute a waiver of such Party's right to insist and demand strict compliance by such other Party with the terms of this Agreement thereafter.

18. No Third Party Beneficiaries. No person or entity other than the CFD, when and if formed, shall be deemed to be a third party beneficiary hereof, and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than WMWD, District, the CFD, and Property Owner (and their respective successors and assigns, exclusive of individual homebuyers), any rights, remedies, obligations or liabilities under or by reason of this Agreement.

JOINT COMMUNITY FACILITIES AGREEMENT

THIS JOINT COMMUNITY FACILITIES AGREEMENT (this "Joint Community Facilities Agreement") is made and entered into as of _____, 2015, by and among the County of Riverside, a public subdivision of the State of California (the "County"), the City of Riverside, a municipal corporation (the "City"), Riverside Unified School District, a California school district (hereinafter the "School District"), and Lennar Homes of California, Inc., a California corporation ("Property Owner").

RECITALS

A. The Board of Education of the School District (the "Board of Education") has been requested to initiate proceedings to form a community facilities district that is to be identified as "Community Facilities District No. 32 of Riverside Unified School District" (the "Community Facilities District") under the authority of the Mello-Roos Community Facilities Act of 1982 (the "Act") (commencing with Section 53311 of the California Government Code (the "Code")) that is to be located in an unincorporated portion of the County.

B. The Property Owner is the owner of certain real property located as generally shown on Exhibit A, attached hereto, representing Tract Map No. 36390 (the "Tract"), that provides for the development of approximately 343 proposed single family residential lots; the proposed boundaries of the Community Facilities District are coterminous with the boundaries of the Tract.

C. The Property Owner has requested and proposed that the Community Facilities District be formed for the purpose of providing the means of financing the construction and acquisition of certain public improvements, including but not limited to certain roads, streets, storm drains and related eligible public improvements that will be owned by the County in part (each a "County Facility" and, collectively, the "County Facilities") and that will be owned by the City in part (each a "City Facility" and, collectively, the "City Facilities" and together with the County Facilities, the "Project Facilities") to be constructed by the Property Owner with the purchase price therefor to be paid from the proceeds of bonds to be sold and issued by the Community Facilities District and from special taxes levied by the Community Facilities District and allocated to the financing of the Project Facilities (the "Allocated Special Taxes"). Upon the completion of the construction of each Project Facility by the Property Owner and the acceptance thereof by the County and the City as set forth herein, each County Facility is to be owned, maintained and operated by the County and each City Facility is to be owned, maintained and operated by the City. The Project Facilities are generally described in Exhibit B attached hereto and incorporated herein by this reference. In addition, the Community Facilities District will issue Bonds and may levy special taxes on developed property to finance certain public school facilities of the School District and certain facilities of the Western Municipal Water District.

D. Section 53313.5 of the Code provides that a community facilities district may only finance the purchase of facilities whose construction has been completed, as determined by the legislative body of the community facilities district, before the resolution of formation to establish the community facilities district is adopted pursuant to Section 53325.1 of the Code, except that a community facilities district may finance the purchase of facilities completed after the adoption of a resolution of formation if the facility is constructed as if it had been constructed under the direction and supervision, or under the authority of, the local agency.

E. Alternatively, Section 53314.9 of the Code provides that at any time either before or after the formation of a community facilities district, the legislative body may accept advances of funds or work in-kind from any source, including, but not limited to, private persons or entities, and may provide, by resolution, for the use of those funds or that work in-kind for any authorized purpose, under all of the following conditions: (a) the proposal to repay the funds or the value or cost of the work in-kind, whichever is less, is included in both the resolution of intention to establish the community facilities district adopted pursuant to Section 53321 of the Code and in the resolution to establish the community facilities district pursuant to Section 53325.1 of the Code, (b) any proposed special tax is approved by the qualified electors of the community facilities district pursuant to the Act, and (c) any work in-kind accepted pursuant to Section 53314.9 of the Code shall have been performed or constructed as if the work had been performed or constructed under the direction and supervision, or under the authority, of the local agency. For those Project Facilities for which the Property Owner seeks reimbursement pursuant to this Joint Community Facilities Agreement, the Property Owner shall comply with all of the applicable requirements set forth in the Public Contract Code regarding the notice of bidding and award of a contract for a public works project by a public agency.

F. Pursuant to the Act, the Board of Education, intends to consider a resolution of intention stating that it is the intention of the School District to cause the proposed Community Facilities District to be established and if established, the Community Facilities District will use its best efforts to sell and issue special tax bonds the proceeds of which will be used in part to pay the Property Owner the purchase price of the Project Facilities, provided all of the conditions of Sections 53313.5 and 53314.9 of the Code are satisfied and that the purchase price shall only be paid from the proceeds of special tax bonds, if any are sold and issued by the proposed Community Facilities District and from Allocated Special Taxes.

G. The Act provides that the proposed Community Facilities District may finance the Project Facilities only pursuant to a joint community facilities agreement adopted pursuant to Sections 53316.2, 53316.4 and 53316.6 of the Code.

H. The County, the City, the School District and the Property Owner desire to enter into this Joint Community Facilities Agreement, as required by the aforementioned sections of the Code. The provisions of this Joint Community Facilities Agreement are intended to apply only to the Project Facilities.

I. The School District, the County, and the City by entering into this Joint Community Facilities Agreement will enable the Community Facilities District to finance some or all of the costs of acquiring and constructing the Project Facilities, and, consistent with Section 53316.2 of the Code, each of the School District, the County, and the City have determined that executing this Joint Community Facilities Agreement will be beneficial to the residents of their respective jurisdictions and to the owners of property within the Community Facilities District.

J. The design, construction, inspection, acceptance, operation and maintenance of the Project Facilities shall be accomplished in accordance with the provisions of this Joint Community Facilities Agreement. If the Property Owner wants to be paid or to be reimbursed for the costs of any Project Facility from the proceeds of the Bonds (when and if issued) or Allocated Special Taxes (when and if collected), it must comply with the specific provisions set forth in Article III of this Joint Community Facilities Agreement with respect to the Project

Facility. If the Property Owner chooses not to be paid or to seek reimbursement for a particular Project Facility from the proceeds of the Bonds or the Allocated Special Taxes, then the Property Owner shall not be bound by Article III of this Joint Community Facilities Agreement.

AGREEMENT

NOW, THEREFORE, for and in consideration of the mutual premises and covenants contained herein, the parties hereto agree as follows:

ARTICLE II

CONDITIONS PRECEDENT

Section 2.1. Proceedings for the Formation of the Community Facilities District; Costs of Formation. The Property Owner has submitted to the School District an application requesting that the Proceedings be initiated by the School District to form the Community Facilities District for the purpose of financing the acquisition and construction of certain public facilities, including the Project Facilities, and to authorize the levy of special taxes within the Community Facilities District pursuant to the Rate and Method and the incurrence of bonded indebtedness to finance the construction and acquisition of said public facilities and for the Legislative Body to authorize the sale and issuance of the Bonds pursuant to the Act and the Indenture.

Should the formation of the Community Facilities District be approved to finance the acquisition and construction of the Project Facilities, the Legislative Body will use its best efforts to cause the Bonds to be sold and issued in one or more series, pursuant to the terms of the Act, the Indenture and the applicable sections of the Mitigation Agreement. A portion of the proceeds of the Bonds are intended to provide funds that will allow the Community Facilities District to finance all or a portion of the costs of constructing and acquiring the Project Facilities. Should the Board of Education not approve the formation of the Community Facilities District, the School District, the County, the City, and the Property Owner will not be bound by the terms of this Joint Community Facilities Agreement and it shall be considered null and void by the parties to it. The School District will notify all parties, pursuant to section 6.7, to this Joint Community Facilities Agreement within fifteen (15) calendar days if the School District determines not to form the Community Facilities District.

The Property Owner acknowledges that the decision of the Board of Education to approve the formation of the Community Facilities District is an exercise of legislative discretion by the Board of Education and Legislative Body, respectively, and the School District may not enter into a contract or obligate either the Board of Education or the Legislative Body to exercise its legislative discretion in a particular manner. This Joint Community Facilities Agreement does not, therefore, in any way create a contractual, legal or equitable obligation of or commitment by the Board of Education to approve the formation of the Community Facilities District.

The Board of Education and the Legislative Body shall have the jurisdiction to and shall be solely responsible for undertaking the Proceedings consistent with the provisions of the Act, the Indenture, and the Mitigation Agreement.

Neither the County nor the City is directly or indirectly approving or responsible in any way whatsoever for: (i) the levy of special taxes within the Community Facilities District or (ii)

the issuance of the Bonds. Neither the County nor the City shall be responsible in any way whatsoever for the costs of formation of the Community Facilities District.

Section 2.2. Addendum to Exhibit B of this Joint Community Facilities Agreement for Modification of the Project Facilities. It is the intent of both the Property Owner and the School District to cause one or more series of Bonds to be issued. All of the Project Facilities eligible to be financed by the Community Facilities District are identified in Exhibit B. The descriptions of the Project Facilities are general and any minor differences between the Project Facilities described in Exhibit B and those Project Facilities actually acquired hereunder shall not prevent the financing of such Project Facilities. Further refinement of the descriptions of the Project Facilities may be addressed by an addendum to Exhibit B that is to be prepared by the County Engineer and executed by the Administrator, the County Engineer and the Property Owner and will not require further amendment to this Joint Community Facilities Agreement. Other than the modifications described in the previous sentence, should there be additional amendments deemed necessary by the County or the City to be made to this Joint Community Facilities Agreement, any necessary amendments to this Joint Community Facilities Agreement shall be made pursuant to Section 6.4., hereof, and such amendments shall be made prior to the authorization by the Legislative Body to sell and issue any additional series of Bonds the proceeds of which will be used to finance the particular Project Facilities requiring a modification of their description.

Section 2.3. Fee Deposit with County for Preparation and Implementation of this Joint Community Facilities Agreement. The Property Owner is to cause to be deposited with the County Executive Officer, or his/her designee (the "Special Districts Administrator") an aggregate amount of \$4,000 for this Joint Community Facilities Agreement being prepared with regard to the Community Facilities District, of which \$4,000 has been deposited by the Property Owner, to be held in a trust account to cover all costs incurred in drafting, preparing and implementing this Joint Community Facilities Agreement. The Special Districts Administrator will prepare an accounting of the costs incurred and provide an accounting to the Property Owner. If the amount deposited is insufficient to cover such costs, the Property Owner will cause an additional amount to be deposited with the Special District Administrator within thirty (30) calendar days of being provided a written request for the additional funds. The amounts deposited with the Special District Administrator that have not been used will be returned to the Property Owner. Any portion of the amounts deposited with the Special District Administrator that are used for the purposes identified above shall be reimbursable to the Property Owner from the proceeds of the Bonds.

ARTICLE III

ACQUISITION OF PROJECT FACILITIES

Section 3.1. Acquisition of Project Facilities. The provisions of this Article III shall apply only to those Project Facilities that the Property Owner elects to finance with the proceeds of the Bonds deposited in the Project Facilities Account or Allocated Special Taxes.

For such Project Facilities, the Property Owner hereby agrees (i) to transfer to the County each of the County Facilities and (ii) to transfer to the City each of the City Facilities, and the Community Facilities District hereby agrees to pay the Purchase Price(s) therefor, subject to the terms and conditions hereof and the Mitigation Agreement. Acceptable Title to any parcels on which such Project Facilities are constructed and for which title is not presently held by the County or City, as applicable, as well as Acceptable Title to such Project Facilities shall be transferred to the County or City, as applicable, as of the Acceptance Date; provided, however, that notwithstanding such transfer, as provided in Section 4.9., hereof, the Property Owner shall be solely responsible for the maintenance of each such Project Facility until the Acceptance Date of said Project Facility.

The Purchase Price for each such Project Facility will be paid solely from the amounts on deposit in the Project Facilities Accounts established by the Indenture for the issuance of Bonds or Allocated Special Taxes, and the Community Facilities District shall not be obligated to pay the Purchase Price of any Project Facility except from the amounts on deposit in said Project Facilities Account or and Allocated Special Taxes of the Community Facilities District. None of the School District, the Community Facilities District, the County, or the City makes any warranty, either expressed or implied, that the proceeds of the Bonds deposited in such Project Facilities Accounts or Allocated Special Taxes, and interest earnings, will be sufficient to pay the full amount of the Purchase Price of the Project Facilities or any specific Project Facility.

It is understood by the Property Owner that the net principal amount of the Bonds that will be deposited in the Project Facilities Account, pursuant to the terms of the Mitigation Agreement and the applicable Indenture, the Allocated Special Taxes, and any investment earnings thereon, may not be sufficient to pay the full amount of the Purchase Prices for the Project Facilities, or any Project Facility, at the time a Payment Request is approved by the County Engineer. If the amounts available at the time a Payment Request is approved by the County Engineer and submitted to the Administrator for payment, are not sufficient to pay the Purchase Price for any Project Facility, the timing of the payment of the Purchase Price and the proportionate amount of the Purchase Price to be paid will be determined consistent with the terms of the Mitigation Agreement. It is understood that, at all times, for the purpose of this Joint Community Facilities Agreement, the construction of the Project Facilities that the Property Owner elects to finance with the proceeds of Bonds and Allocated Special Taxes will be accomplished by the Property Owner with the expectation that the Purchase Price for each such Project Facility is to be paid by the Community Facilities District (but solely from the proceeds of the Bonds, if any, issued for and deposited in the Project Facilities Account(s) and the Allocated Special Taxes), and that the conveyance of any such Project Facility to the County or the City, as applicable, prior to the receipt of the Purchase Price, or any portion thereof, for said

Project Facility will not constitute or be construed as a dedication, gift, or waiver of the payment of the Purchase Price or any unpaid balance thereof.

Notwithstanding any other provision of this Joint Community Facilities Agreement, the fact that there may not be sufficient funds available from the Community Facilities District to pay the Purchase Price for any such Project Facility will not relieve the Property Owner from its obligation to construct such Project Facility consistent with the conditions of approval for the Tract to construct the Project Facilities.

Failure of the Property Owner to fully comply with the terms this Article may result in a denial of the Property Owner's request for reimbursement of costs incurred in the design, engineering and construction of such Project Facilities. Compliance with Articles III shall be determined separately for each Project Facility.

Each Project Facility identified and described in Exhibit B may be acquired by the County and the City, as applicable, pursuant to the terms hereof provided such Project Facility has been accepted by the County and the City, as applicable, in accordance with the terms of this Joint Community Facilities Agreement.

Section 3.2. Determination of the Purchase Price; Processing of Payment Requests. The determination of the Purchase Price for a Project Facility shall be made consistent with the provisions of this Section 3.2.

In order for the County Engineer to be able to determine the Purchase Price and for the Property Owner to receive the Purchase Price for a completed Project Facility, the Property Owner shall deliver to the County Engineer:

- (a) A complete Payment Request for said Project Facility, together with all attachments and exhibits needed to be included therewith;
- (b) A copy of (i) the documents conveying or which previously conveyed to the County Acceptable Title to the real property on, in or over which such County Facility is located, as provided in Section 3.3 hereof, and Acceptable Title to the County Facility and (ii) the documents conveying or which previously conveyed to the City Acceptable Title to the real property on, in or over which such City Facility is located, as provided in Section 3.4 hereof, and Acceptable Title to the City Facility.
- (c) A copy of the Notice of Completion for said Project Facility that will be filed in accordance with Section 3093 of the California Civil Code, if applicable. Final lien releases addressed to the School District, the Community Facilities District, the County, and the City must be received by the County Engineer prior to the County Engineer executing the authorization for the Community Facilities District to pay the Purchase Price.
- (d) The Property Owner's civil engineer of record or construction civil engineer of record duly registered in the State shall provide to the County redlined "as-built" plans and profile sheets for the Project Facility. After the County's approval of the redlined "as-built" drawings, the Property Owner's engineer shall schedule with the County a time to transfer the redlines onto the County's original mylars at the County's office, after

which, said engineer shall review, stamp and sign the original mylars "As-Built." The County will provide copies of the As-Built drawings to the City for the City Facilities.

Notwithstanding anything to the contrary contained herein, no payment of the Purchase Price for any Project Facility shall be made unless the County has by written notice to the Administrator stated that, as applicable, (i) the County has accepted ownership of the County Facility as constructed and to include it as part of its maintained road system as of the Acceptance Date and (ii) the City has accepted ownership of the City Facility as constructed and to include it as part of its maintained road system as of the Acceptance Date.

When the County Engineer has been provided with a complete Payment Request for the Purchase Price and all other documents as required by her/him to determine the Purchase Price, the County Engineer will sign the Payment Request, identifying the completed Project Facility and specifying the Purchase Price to be paid, and forward it to the Administrator for payment.

Upon receipt of such a completed Payment Request from the Contract Administrator, the Administrator shall submit it to the fiscal agent or trustee for the Project Facilities Account from which the Purchase Price is to be paid and/or to the Community Facilities District to be paid from the Allocated Special Taxes, together with such other information as the fiscal agent or trustee or the Community Facilities District may require to authorize payment of the Purchase Price. If at the time such a Payment Request is received by the Administrator, there are not sufficient funds to pay the Purchase Price for the identified Project Facility, the Administrator shall notify the Contract Administrator and the Property Owner of the amount of funds that are to be applied to payment of a portion of the Purchase Price for the Project Facility, and shall authorize the fiscal agent or trustee or the Community Facilities District to pay the available amount to the Property Owner as a partial payment of the Purchase Price for the Project Facility.

Section 3.3. Dedication of Property and Easements to County. Acceptable Title to all property not presently held by the County on, in or over which any County Facility will be located shall be conveyed to the County by way of grant deed, quitclaim, or dedication of such property, or easement thereon, if such easement is approved by the County as being a sufficient interest therein to permit the County to properly own and operate and maintain such County Facility located therein, thereon or thereover, and to permit the Property Owner to perform its obligations as set forth in this Joint Community Facilities Agreement.

The Property Owner shall furnish to the County a title report for such property not previously dedicated or otherwise conveyed to the County for review and approval at least thirty (30) calendar days prior to the notice required by Section 4.6 hereof. The County shall approve the title report unless it reveals a matter that, in the sole judgment of the County, could materially affect the County's use and enjoyment of any part of the property or easement covered by the title report. In the event the County does not approve such title report, the County shall notify the Administrator in writing and the County shall not be obligated to accept title to a County Facility, and the Community Facilities District shall not be obligated to pay any portion of the Purchase Price for a County Facility until the Property Owner has cured such objections to title to the satisfaction of the County.

Consistent with the preceding paragraph, the Property Owner shall obtain and provide, or cause to be obtained or provided, to the County duly executed irrevocable offer(s) of dedication to the public for road and drainage purposes, including ingress and egress, for rights of way

deemed necessary by the County for the construction, inspection, operation and maintenance of the County Facilities. The irrevocable offer(s) of dedication shall be in a form approved by the County and shall be executed by all legal and equitable owners described in the offer.

Section 3.4 Dedication of Property and Easements to City. Acceptable Title to all property not presently held by the City on, in or over which any City Facility will be located shall be conveyed to the City by way of grant deed, quitclaim, or dedication of such property, or easement thereon, if such easement is approved by the City as being a sufficient interest therein to permit the City to properly own and operate and maintain such City Facility located therein, thereon or thereover, and to permit the Property Owner to perform its obligations as set forth in this Joint Community Facilities Agreement.

The Property Owner shall furnish to the City a title report for such property not previously dedicated or otherwise conveyed to the City for review and approval at least thirty (30) calendar days prior to the notice required by Section 4.6 hereof. The City shall approve the title report unless it reveals a matter that, in the sole judgment of the City, could materially affect the City's use and enjoyment of any part of the property or easement covered by the title report. In the event the City does not approve such title report, the City shall notify the Administrator in writing and the City shall not be obligated to accept title to a City Facility, and the Community Facilities District shall not be obligated to pay any portion of the Purchase Price for a City Facility until the Property Owner has cured such objections to title to the satisfaction of the City.

Consistent with the preceding paragraph, the Property Owner shall obtain and provide, or cause to be obtained or provided, to the City duly executed irrevocable offer(s) of dedication to the public for road and drainage purposes, including ingress and egress, for rights of way deemed necessary by the City for the construction, inspection, operation and maintenance of the City Facilities. The irrevocable offer(s) of dedication shall be in a form approved by the City and shall be executed by all legal and equitable owners described in the offer.

Section 3.5. Public Works Bid and Construction Requirements.

(a) In order to ensure that a Project Facility that is to be acquired with the proceeds of the Bonds or the Allocated Special Taxes will be constructed as if it had been constructed under the direction and supervision, or under the authority of, a public agency, so that they may be acquired pursuant to Sections 53313.5 and 53314.9 of the Code, the Property Owner shall comply with all of the applicable requirements set forth in the Public Contract Code regarding the notice of bidding and award of a contract for a public works project by a public agency.

(b) Prior to awarding the construction contract for any Project Facilities, the Property Owner shall submit a bid packet, including the invitation and specifications for submitting a bid and the general and specific conditions regarding the construction of the Project Facility, for review and approval to the County Engineer. A copy of the bid packet, once approved, is to be provided to the Administrator. The contract for construction of any Project Facility is to be awarded to the responsible bidder submitting the lowest responsive bid after public notice inviting sealed bids. Bids are to be publicly solicited consistent with applicable provisions of the Public Contract Code dealing with the bidding of public works projects constructed by the County. Public notice is to be given consistent with the Public Contract Code as to the date, time and place where bids will be opened. The County Engineer is to be provided with copies of all bids received formatted consistent with Exhibit C, attached thereto, and an executed declaration,

the form of which will be provided by the County Engineer, that all public bidding procedures as required by the County have been complied with.

(c) The Property Owner shall require, and the Plans and Specifications and the bid and contract documents shall require, all contractors, subcontractors, vendors, equipment operators and owner operators, in each such case to the extent such individuals or entities are engaged to perform work on a Project Facility, to pay not less than General Prevailing Wage Rates to all workers employed in the execution of the contract, as required by the California Labor Code, to post a copy of the General Prevailing Wage Rates at the job-site in a conspicuous place available to all employees and applicants for employment, and to otherwise comply with applicable provisions of the California Labor Code, the Code, and the California Public Contract Code relating to General Prevailing Wage Rates as required by the specifications approved by the County Engineer. The Property Owner can obtain a current copy of the tables setting forth the General Prevailing Wage Rates through the Department of Industrial Relation on their website at www.dir.ca.gov.

(d) The Property Owner shall require each principal contractor to provide proof of insurance coverage to the County, the City, and the Administrator satisfying the requirements of Section 4.11., hereof, throughout the term of the construction of the Project Facilities. Rather than requiring its principal contractors to provide such insurance, the Property Owner may elect to provide the same for the benefit of its principal contractors.

(e) Each principal contractor engaged to perform work on the Project Facilities shall be required to furnish (i) labor and material payment bonds, and (ii) contract performance bonds, each in an amount equal to 100% of the contract price naming the Property Owner, the Community Facilities District, the County, the City, and the School District, as obligees with an admitted surety insurer which complies with the provisions of Section 995.660 of the California Code of Civil Procedure. All such bonds shall be in a form as shown in Exhibit D. The bonds tendered pursuant to this sub-section are to be accepted and held by the County Engineer.

(f) The Property Owner shall comply, and shall cause each contractor, subcontractor, vendor, equipment operator and owner operator, in each such case to the extent such individual or entity is engaged to perform work on the Project Facilities, to comply, with such other requirements relating to the construction of the Project Facilities as the County may impose by written notification delivered to the Property Owner, to the extent legally required as a result of changes in applicable federal, State, or County laws, regulations, rules or procedures.

(g) The Property Owner shall require, and the Plans and Specifications and the bid and contract documents shall require, all contractors, subcontractors, vendors, equipment operators and owner operators, in each such case to the extent such individuals or entities are engaged to perform work on the Project Facilities, to maintain and submit certified weekly payroll records or other proof of payment of General Prevailing Wage Rates as set forth in the Labor Code.

(h) All change orders shall be reviewed and approved by the County Engineer for the purpose of ensuring that they comply with County standards and for the work represented by the change order to be eligible for consideration in determining the Purchase Price.

(i) The Property Owner shall provide proof to the Administrator and the County Engineer, at such intervals and in such form as the Administrator or the County Engineer may require, that the foregoing requirements have been satisfied as to all of the Project Facilities.

(j) The Property Owner has deposited or will deposit with the County an appropriate amount, as determined by the County, to cover the anticipated costs, deemed necessary and reasonable, associated with the review and approval of the Plans and Specifications, the review and approval of right of way and conveyance documents and with the processing and administration of this Joint Community Facilities Agreement. The Property Owner, within thirty (30) calendar days after receipt of an additional billing for such costs, will forward the billed amount to the County.

(k) At the time the Property Owner submits a "Notice of Intent" to commence construction as set forth in Section 4.6, below, the Property Owner shall deposit with County the estimated cost of providing construction inspection for the Project Facilities, in an amount as determined and approved by County in accordance with Ordinance Nos. 671 and 749, including any amendments thereto, of the County, based upon the bonded value of Project Facilities to be inspected, operated and maintained by the County.

ARTICLE IV

CONSTRUCTION OF THE PROJECT FACILITIES

This Article IV sets forth the terms and conditions which the Property Owner shall follow to ensure acceptance of the Project Facilities by the County or the City, as applicable. Failure of the Property Owner to fully comply with the terms of this Article may result in the County or City not accepting a Project Facility into its maintained system, in which case the Property Owner may not receive reimbursement for any costs incurred in the design, engineering and construction of such Project Facilities under this Joint Community Facilities District. Compliance with this Article shall be determined separately for each Project Facility or segment thereof.

Section 4.1. Preparation and Approval of Plans and Specifications. To the extent that the Property Owner has not already done so, it shall cause the Plans and Specifications to be prepared for the Project Facilities. The Property Owner shall obtain the written approval of the Plans and Specifications from the County Engineer. The Property Owner shall provide the approved copy of all such Plans and Specifications to the Administrator. When the Plans Specifications have been approved, no changes are to be made thereto without prior written consent of the County Engineer, and all modifications to the approved Plans and Specifications are to be provided to the Administrator.

Section 4.2. Duty of Property Owner to Construct. The Property Owner shall construct or cause to be constructed the Project Facilities in accordance with the Plans and Specifications approved by the County Engineer. The Property Owner shall perform all of their obligations hereunder and shall conduct all operations with respect to the construction of the Project Facilities in a good, workmanlike and commercially reasonable manner, with the standard of diligence and care normally employed by duly qualified persons utilizing commercially reasonable efforts in the performance of comparable work and in accordance with generally accepted practices appropriate to the activities undertaken. Notwithstanding the foregoing, nothing set forth in this Joint Community Facilities Agreement shall be construed (i) to require the Property Owner to perform any work requiring a contractor's license, nor shall the Property Owner be deemed to be performing construction services pursuant to this Joint Community Facilities Agreement or (ii) require the Property Owner to cause the Plans and Specifications to be prepared for the Project Facilities at a specific time or in a manner other than as required by the approved conditions for the development of the Tract.

Section 4.3. Licenses and Regulatory Permits. The Property Owner shall secure all necessary licenses, agreements, permits, rights of entry and temporary construction easements (collectively "Licenses") that may be needed for the construction, inspection, operation and maintenance of the Project Facilities. The Property Owner is to secure all permits approvals or agreements, if any, required by the various Federal and State resource and/or regulatory agencies (collectively, the "Regulatory Permits") for the construction, operation and maintenance of the Project Facilities. The Regulatory Permits include, but are not limited to, those permits issued by the U.S. Army Corps of Engineers, the State Water Resources Control Board ("SWRCB"), California State Department of Fish and Game and the Regional Water Quality Control Board.

All Licenses and Regulatory Permits secured by the Property Owner shall be reviewed by the County Engineer prior to execution or acceptance by the Property Owner to determine whether the conditions they specify are satisfactory to the County to allow the County or the City, as applicable, to operate and maintain the Project Facilities.

Section 4.4. NPDES Compliance. The Property Owner shall prepare and implement, or cause to be prepared and implemented, a Stormwater Pollution Prevention Plan (SWPPP) in accordance with the requirement of the State's National Pollutant Discharge Elimination System (NPDES) General Permit for Stormwater Discharges Associated with Construction and Land Disturbances Activities and any amendments thereto (the "General Permit"). The General Permit is issued by Order of and adopted by the State Water Resources Control Board (SWRCB). The General Permit regulates both stormwater and non-stormwater discharges associated with construction activities required for the Project Facilities covered by this Joint Community Facilities Agreement.

The SWPPP shall identify site specific "Best Management Practices" ("BMP's") to be implemented during and after construction to control pollution of Stormwater runoff and receiving waters. The identified BMP's shall include, but not be limited to, "good housekeeping" practices for the Construction Site, such as establishing stabilized construction access points, providing adequate sanitary/septic waste management, designating vehicle and equipment cleaning/maintenance areas, employing proper material handling and storage practices, maintaining adequate soil stabilization and erosion control practices to control the discharge of pollutants from the Construction Site and any activities thereon. The SWPPP shall also stipulate to an ongoing program for monitoring and maintenance of all BMP's.

The Property Owner shall be solely responsible throughout the duration of constructing the Project Facilities for placing, installing, constructing, inspecting and maintaining all BMP's identified in the SWPPP and amendments thereto and for removing and disposing of temporary BMP's.

The Property Owner shall become fully informed of and comply with the applicable provisions of the General Permit, Federal, State and local regulations that govern the Property Owner's activities and operation pertaining to both stormwater and non-stormwater discharges from the Construction Site of the Project Facilities and any area of disturbance outside said Construction Site relating to the Project Facilities. The Property Owner shall, at all times, keep copies of the General Permit, approved SWPPP and all amendments at the Construction Site. The SWPPP shall be made available upon request of a representative of the SWRCB, the Regional Water Quality Control Board, or the United States Environmental Protection Agency. The Property Owner shall, at reasonable times, allow authorized agents of the above cited agencies, upon the presentation of credentials to: (i) enter upon the Construction Site; (ii) have access to and copy any records required to be kept as specified in the General Permit, (iii) inspect the Construction Site and determine whether related soil stabilization and sediment control BMP's have been implemented and maintained, and (iv) sample or monitor stormwater or non-stormwater runoff for purposes of ensuring compliance with the General Permit.

The Property Owner shall be solely and exclusively responsible for any arrangements made between it and other property owners or entities that result in disturbance of land at the Construction Site.

The Property Owner shall be responsible for all costs and for any liability imposed by law as a result of its failure to comply with the requirements set forth in this Section, including but not limited to, compliance with the applicable provisions of the General Permit and Federal, State and local regulations. For the purpose of this Section, costs and liabilities include, but are not limited to, fines, penalties and damages whether assessed against the County, the City, the School District, the Community Facilities District or the Property Owner, including those levied under the Federal Clean Water Act and the State's Porter-Cologne Water Quality Act.

Section 4.5. Cal/OSHA, Confined Space Entry. At all times during the construction of the Project Facilities, the Property Owner shall require all contractors to comply with all Cal/OSHA safety regulations including regulations concerning confined space and maintenance of a safe working environment for the County, the City, the School District and their respective employees on the site. This will include the preparation of a confined space procedure specific for all storm drain facilities. The procedure shall comply with requirements contained in Sections 5157 and 5158 of Title 8 of the California Code of Regulations and the County's "Program Agency Policy 13." The confined space procedure is to be reviewed and approved by the County Engineer before proceeding with construction of the Project Facilities.

Not less than twenty (20) calendar days prior to the date on which it intends to commence construction of a Project Facility, the Property Owner is to provide written "Notice of Intent" to the County Engineer. Construction on the Project Facility may not proceed until the County Engineer issues a "Notice to Proceed" to the Property Owner. The "Notice of Intent" is to include the following documents:

(a) Copies of all Licenses and Regulatory Permits secured pursuant to Sections 4.3 and 4.4, above, including a copy of the Notice of Intent ("NOI") and waste discharge identification number ("WDID No.") received from the SWRCB pursuant to Section 4.4, above.

parts of work, including estimated start and completion dates. As the construction progresses the Property Owner shall update said construction schedule upon request.

(h) The final mylar plan and profile sheets for the Project Facilities and assign ownership of said documents to the County and the City, as applicable, prior to the start of construction of each Project Facility.

Section 4.7. Bonding Requirements. The Property Owner shall post such subdivision bonds as are required by the County in connection with the recording of all subdivision maps for each tract within the Community Facilities District. The Property Owner's obligations pursuant to this Section will be considered satisfied, in part, through the contract performance bonds to be provided by the Property Owner's contractors pursuant to Section 3.5(d) hereof.

Section 4.8. Additional Conditions to be Satisfied during Construction. Construction of the Project Facilities shall be on a five (5) day, forty (40) hour workweek with no work on Saturday, Sundays or days designated by the County as legal holidays, unless otherwise approved by the County. If the Property Owner feels it is necessary to work more than normal forty (40) hour workweek or on holidays, the Property Owner shall make a written request for permission from the County to work the additional hours. The request shall be submitted to the County at least 72 hours prior to the request date for additional work hours and state the reasons for the overtime and the specific time frames required. County staff shall have access to the Construction Site at all reasonable times for the purpose of accomplishing such inspection.

The Property Owner is to provide the County with written notice that it considers construction of a Project Facility to have been completed consistent with the Plans and Specifications and, upon receipt of said notice, County's staff will provide written confirmation that construction of a Project Facility is complete consistent with the approved Plans and Specifications and the provisions of this Joint Community Facilities Agreement. For the portion of the Project Facilities that are City Facilities, the County will work with the City staff to review and approve the City Facilities. Upon receipt of both written notice from the Property Owner and from County staff, the County Engineer will in a timely manner notify the Property Owner and the Administrator that the Project Facility has been satisfactorily completed and that the Property Owner is to proceed with the recording of a Notice of Completion with respect to such construction pursuant to Section 3093 of the California Civil Code. The Property Owner is to provide a duplicate copy of the recorded Notice of Completion to the Administrator and the

Section 4.10. Maintenance of Project Facilities; Warranties. The Property Owner shall maintain the Project Facilities in good and safe condition until the Acceptance Date of the Project Facilities. Prior to the Acceptance Date, the Property Owner shall be responsible for maintaining the Project Facilities in proper operating condition, and shall perform such maintenance on the Project Facilities as the County Engineer reasonably determines to be necessary. As of the Acceptance Date, the performance bond provided by each of the principal contractors for the Project Facilities pursuant to Section 3.5(d) hereof shall be reduced to an amount equal to 10% of the original amount thereof and shall serve as a warranty bond to guarantee that the Project Facilities will be free from defects due to faulty workmanship or materials for a period of 12 months from the Acceptance Date, or the appropriate principal contractor may elect to provide a new warranty bond or cash in such an amount. As of the Acceptance Date, the Property Owner and each principal contractor shall assign to County and City all of their rights in any warranties, guarantees, maintenance obligations or other evidence of contingent obligations of third persons with respect to the Project Facilities.

BETWEEN RIVERSIDE UNIFIED SCHOOL DISTRICT
AND LENNAR HOMES OF CALIFORNIA, INC.**

This School Facilities Mitigation Agreement (the “Agreement”) is entered into as of the ____ day of _____, 2015, by and between RIVERSIDE UNIFIED SCHOOL DISTRICT, a unified school district of the State of California (the “District”), and LENNAR HOMES OF CALIFORNIA, INC., a California corporation (the “Developer”).

RECITALS

A. Capitalized terms used in these Recitals that are not defined shall have the meanings given such terms in Section 1.01.

B. Developer owns and holds title to certain real property in the County of Riverside, State of California, as more particularly described in Exhibit “A” attached hereto (the “Property”). The Property is located in the District.

C. The Developer has obtained land use entitlements from the County of Riverside for the development into approximately 343 Residences.

D. To assist in the provision of adequate school facilities for new residential development, the District has established school mitigation fees upon residential, commercial, and industrial development which must be paid at time of the issuance of a building permit, as authorized by Education Code Section 17620 *et seq.* and Government Code Section 65995, *et seq.* Such fee for residential development, as calculated pursuant to Government Code Section 65995.5, is currently in the amount of \$3.77 per square foot of Assessable Space (the “Mitigation Fee”), and is commonly referred to as the "Level 2 Fee". The amount of the Mitigation Fee is subject to future increases as permitted by Government Code Sections 65995 and 65995.5.

F. The Developer has requested that it have the option of financing the school facilities mitigation obligation for the Property through the formation of a community facilities district (the “CFD”) over the Property and the issuance of the Bonds, in one or more Series, pursuant to the Mello-Roos Act. The Developer has also requested and the District has entered into Joint Community Facilities Agreements with the City of Riverside (the “City”), County of Riverside (the “County”), and Western Municipal Water District (“WMWD”) for the purpose of financing the cost of certain public facilities of the City, the County, and WMWD with CFD proceeds, pursuant to Government Code Sections 53316.2 through 53316.6.

G. This Agreement shall not become effective until (i) the CFD is established and the special taxes and bonded indebtedness of the CFD have been duly authorized, and (ii) the Joint Community Facilities Agreements with WMWD and the City and County have been approved and executed by all parties thereto. Moreover, even if this Agreement becomes effective, the Developer and the District acknowledge that many of the provisions of this Agreement will only become effective if the Bonds are issued for the CFD.

AGREEMENT

In consideration of the foregoing recitals and of the terms and conditions herein, the District and the Developer agree as follows:

ARTICLE I DEFINITIONS; EFFECTIVENESS

1.01. Defined Terms. The terms used in this Agreement with initial letters capitalized are defined as follows:

“Agreement” means this School Facilities Mitigation Agreement.

“Assessable Space” means the assessable space of a Residence to be constructed on the Property as defined in Government Code Section 65995(b)(1).

“Bond Sizing Residences” means, for each Series of Bonds issued for the CFD, the minimum number of Residences within the CFD that are necessary to support one hundred ten percent (110%) of estimated annual debt service on the Bonds plus Priority Annual Administrative Expenses. For example, if there are 343 anticipated Residences within the CFD, but the Bonds are sized to be secured by special taxes levied on 150 of the Residences, then the Bond Sizing Residences would be 150.

“Bonds” means one or more Series of bonds to be issued by the CFD to finance the School Facilities and the JCFA Facilities.

“Cash Mitigation Deposit” means the payment by the Developer to the District of the Level 2 Fees, which may be reimbursed to the Developer only as set forth in this Agreement.

allocated to any other local agency. In determining compliance with the Greatest Share Rule, the District shall ensure that the amount of the proceeds of Surplus Special Taxes and the proceeds of all Series of Bonds allocated to each (calculated separately) of the County Facilities Account, the WMWD Facilities Account, or the City Facilities Account shall not exceed \$1 less than the sum of (i) the School Facilities Mitigation Amount for all actual and proposed Residences in the Property, (ii) proceeds of Bonds deposited in the School District Facilities Account in excess of the amount in (i), and (iii) the Value of Surplus Special Taxes calculated on the date of issuance of a Series of Bonds.

1.02. Effectiveness. This Agreement shall be effective automatically without further action on the part of any party upon satisfaction of the conditions set forth in Recital G.

ARTICLE II
CERTIFICATES OF COMPLIANCE

2.01. Obtaining Certificates of Compliance. The Developer shall not be entitled to obtain a building permit from the County for the construction of a Residence without first obtaining a Certificate of Compliance from the District. In order to obtain a Certificate of Compliance:

(a) the Developer shall pay to the District, as a condition of receipt of a Certificate of Compliance, the Level 2 Fees, as determined by the District, for each Residence for which the Developer seeks to obtain a building permit from the County; or

(b) upon receipt of a written request from the Developer with respect to building permits sought by the Developer from the County for the construction of Residences which the Developer proposes to construct, the District shall (i) apply Mitigation Credits, if any are available, in an amount not to exceed the lesser of the total of the Level 2 Fees for such Residences or the available amount of the Mitigation Credits, as a credit against payment of the Level 2 Fees for the Residences and building permits identified in the Developer's written request, and (ii) provide Certificates of Compliance to the Developer without requiring payment of that portion of the Level 2 Fees for such Residences credited pursuant to subsection (i) above, as determined by the District. If Mitigation Credits are applied pursuant to this Section 2.01(b), the balance of the Mitigation Credits shall be reduced on a dollar for dollar basis.

The Level 2 Fees shall be calculated separately for each Residence at the time that Certificates of Compliance are requested. Because the Level 2 Fee may increase or decrease, as permitted by Government Code Sections 65995 and 65995.5, the Level 2 Fee on any date of calculation for a Residence may be higher or lower than the corresponding amount calculated at a different time for a similar sized Residence.

The Level 2 Fees paid to the District by the Developer pursuant to this Section 2.01 shall be deposited into the facilities accounts of the District and, if the CFD is established, shall be subject to reimbursement pursuant to Sections 2.02 and 5.04(b). If a CFD is not formed, or formed but cancelled, the Level 2 Fees paid to the District by the Developer may be applied to any lawful purpose for which Level 2 Fees may be used.

2.02. Cash Mitigation Deposits. Subject to Section 2.01, if after the CFD is established the Developer pays to the District the Level 2 Fees for a Residence located in the CFD pursuant to Section 2.01, the payment of such Level 2 Fees by the Developer shall be considered a Cash Mitigation Deposit and shall be subject to reimbursement to the Developer upon the deposit of the proceeds of Bonds issued for the CFD as set forth in Section 5.04(b).

ARTICLE III
FORMATION OF THE CFD

3.01. Formation of the CFD. If the Developer elects to form the CFD, the Developer shall submit to the District a petition requesting the formation of the CFD, together with a deposit in an amount determined by the District to be sufficient to pay the costs that will

be incurred by the District in connection with the proceedings for the formation of the CFD. The District shall not initiate proceedings for the formation of the CFD or otherwise form a community facilities district over the Property unless the District receives such a petition from the Developer. The Developer may request that the CFD be authorized to finance the School Facilities and the JCFA Facilities. Upon receipt of a petition from the Developer, the District shall initiate proceedings for the formation of the CFD and use its best efforts to establish the CFD pursuant to the provisions of the petition, this Agreement, and the Mello-Roos Act. In any assignment of this Agreement, the reimbursement of the deposits made pursuant to this Section 3.01 must be expressly assigned to be effective. Without the express assignment of this Section 3.01, the deposits will be reimbursed to the party that made the deposits.

3.02. JCFA Facilities. The District and, in some cases, the Developer, has entered into Joint Community Facilities Agreements with the County, WMWD, and the City which further specify the terms and conditions under which the proceeds of Bonds may be made available to the County for financing the County Facilities, to WMWD for financing the WMWD Facilities, and to the City for financing the City Facilities. The CFD shall include authorization to finance all or portions of the JCFA Facilities if so requested by the Developer in its petition. The approval and execution of the Joint Community Facilities Agreements with each of WMWD, the City, and the County (and all other parties thereto) is a condition to the effectiveness of this Agreement.

3.03. Rate and Method of Apportionment. The RMA for the CFD shall provide for the levy of special taxes for the following purposes (herein, the “Special Tax Requirement”): to pay debt service on Bonds; to pay annual administrative expenses; to replenish any amounts withdrawn from the reserve fund; and to provide for the levy of Facilities Special Taxes to pay directly, or accumulate funds for paying, the costs of the design, construction and acquisition of the School Facilities and the JCFA Facilities, all according to the priorities set forth below.

(a) First, prior to the issuance of the final Series of Bonds for the CFD, special taxes shall be levied on all Developed Property at the Assigned Special Tax Rate; provided, that after the issuance of the final Series of Bonds for the CFD, special taxes shall be levied proportionately on all Developed Property at up to 100% of the Assigned Special Tax Rate as necessary to satisfy the Special Tax Requirement.

(b) Second, if additional monies are needed to satisfy the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property.

(c) Third, if additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the levy of the Special Tax on each Assessor's Parcel of Developed Property whose Maximum Special Tax is determined through the application of the Backup Special Tax shall be increased in equal percentages from the applicable Assigned Special Tax up to 100 % of the Maximum Special Tax for each such Assessor's Parcel.

(d) Fourth, if additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property or Taxable Public Property at up to the Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

3.05. Cancellation of CFD. If the CFD is established, the Developer may request in writing that the District cancel the lien of the special taxes with respect to property in the CFD at any time before the issuance of the first Series of Bonds for the CFD. Upon receipt of the Developer's written request to cancel the lien of the special taxes for the CFD, the District shall take all steps necessary to cancel the lien of the special taxes with respect to all property in the CFD, including, but not limited to, recording a notice of cancellation of special tax lien for all parcels of property in the CFD. In any assignment of this Agreement, the right to cancel the CFD pursuant to this Section 3.05 must be expressly assigned to be effective. Without the express assignment of this Section 3.05, an assignee of this Agreement shall not have the right to cancel the CFD pursuant to this Section 3.05.

ARTICLE IV ISSUANCE OF BONDS

4.01. Issuance of Bonds. After the CFD has been established, the District shall use its best efforts to issue Bonds in one or more Series in such amounts as the District, in consultation with the Developer, shall determine to be appropriate to carry out the purposes of this Agreement, including the financing of School Facilities and the JCFA Facilities; provided, however, that the timing of the issuance and sale of Bonds shall be determined by the Board of Education of the District.

4.02. Parameters of Bonds. Each Series of Bonds for the CFD shall have a term of not more than thirty-five (35) years, and the termination date for the levy of special taxes to pay debt service on the outstanding Bonds for the CFD shall be established as a date that will accommodate repayment of all expected Series of Bonds for the CFD. Each Series of Bonds shall be issued in the maximum principal amount that will result from the revenues of the levy of special taxes at the Assigned Special Tax Rates on all parcels of taxable property in the CFD for which the Series of the Bonds is issued assuming one hundred ten percent (110%) of annual debt service on the outstanding Bonds with respect to such Series of Bonds plus Priority Annual Administrative Expenses related to such CFD.

ARTICLE V FINANCING OF IMPROVEMENTS

5.01. Deposit of Bond Proceeds. For each Series of Bonds issued for the CFD, the District shall apply the proceeds of the sale of such Bonds in the following order of priority: (i) to fund costs of issuance of such Series of Bonds and the repayment of any deposits made by the Developer pursuant to Section 3.01; (ii) to fund a reserve fund for such Series of Bonds; (iii) to fund capitalized interest on such Series of Bonds for an appropriate period, as determined by the District, in consultation with the Developer; (iv) for deposit in the School District Facilities Account, an amount which will be equal to the total School Facilities Mitigation Amount for the

number of the Bond Sizing Residences for such Series of Bonds; and (v) for deposit to each of the County Facilities Account, the WMWD Facilities Account, and the City Facilities Account the amount needed, as determined by the District, in consultation with the Developer, to finance the respective JCFA Facilities, as provided in the applicable Joint Community Facilities Agreement, subject to the Greatest Share Rule. The District acknowledges that the Greatest Share Rule is calculated based on the School Facilities Mitigation Amount for all Residences and not just on the proceeds of a Series of Bonds, and therefore it is possible that a Series of Bonds may fund County Facilities, WMWD Facilities, and the City Facilities in excess of School District Facilities. However, the total amount deposited in the School District Facilities Account from all proceeds of all Series of Bonds and Special Taxes shall exceed the amounts deposited in any of the County Facilities Account, the WMWD Facilities Account, or the City Facilities Account.

5.02. Calculation of School Facilities Mitigation Amounts. At the time of the issuance of each Series of the Bonds for the CFD, the School Facilities Mitigation Amounts for the Bond Sizing Residences for such Series of Bonds to be deposited in the School District Facilities Account pursuant to Section 5.01(iv) shall be calculated by multiplying (i) the estimated total square footage of the Assessable Space of the Bond Sizing Residences by (ii) the amount of the Agreed Mitigation Fee.

5.03. Application of Facilities Special Taxes.

(a) Facilities Special Taxes collected by the District as a result of the levy of Facilities Special Taxes within the CFD prior to the issuance of the final Series of Bonds for such CFD shall be deposited in the Facilities Special Tax Account for the CFD and shall be applied as set forth in paragraph (b) of this Section 5.03.

(b) The District shall apply at least twice a year, or cause the application, of Facilities Special Taxes collected and deposited in the Facilities Special Tax Account in the following order of priority (with amounts of an earlier priority being paid or reimbursed in full, or waived in writing by the party to receive such payment or reimbursement, before paying or reimbursing amounts of the next priority): (i) for payments of Priority Annual Administrative Expenses; (ii) for payment of the construction and acquisition of the School Facilities (subject to reimbursement for Cash Mitigation Deposits as provided in Section 5.04(b)) and (iii) for payment of the JCFA Facilities in the amounts determined by the District in consultation with the Developer.

5.04. Application of School District Facilities Account and Facilities Special Taxes. The proceeds of the sale of a Series of Bonds for the CFD that are deposited in the School District Facilities Account for such CFD, together with the Facilities Special Taxes allocated to the payment of School Facilities pursuant to Section 5.03(a) shall be applied as provided below:

(a) Following the issuance of a Series of Bonds for the CFD, the amount on deposit in the School District Facilities Account and the Facilities Special Taxes allocated to the payment of School Facilities pursuant to Section 5.03(a) shall be used to finance School Facilities and to reimburse Cash Mitigation Deposits.

(b) From the School District Facilities Account and the Facilities Special Taxes allocated to the payment of School Facilities pursuant to Section 5.03(a), any Cash Mitigation Deposits previously made with respect to the Property within the CFD shall be reimbursed to the Developer in a total amount which shall not exceed the lesser of (i) such Cash Mitigation Deposits, or (ii) the total of the amounts on deposit in the School District Facilities Account and the Facilities Special Taxes allocated to the payment of School Facilities pursuant to Section 5.03(a).

(c) If after reimbursement of Cash Mitigation Deposits pursuant to the preceding paragraph (b) there is any amount remaining on deposit in the School District Facilities Account and/or the Facilities Special Taxes allocated to the payment of School Facilities pursuant to Section 5.03(a), the remaining amounts shall be deemed Mitigation Credits and the amount of the Mitigation Credits shall be increased on a dollar-for-dollar basis by an amount equal to such amounts.

(d) If, after the last Certificate of Compliance is provided and the School Facilities Mitigation Amount has been fully paid, there are amounts remaining on deposit in the School District Facilities Account, such excess funds shall be transferred to the WMWD Facilities Account, City Facilities Account or County Facilities Account, as determined by the Developer.

5.05. Allocation to JCFA's. In determining the amounts of the proceeds of the sale of any Series of the Bonds that will be deposited in the County Facilities Account, the WMWD Facilities Account, and the City Facilities Account for financing, respectively, the County Facilities, the WMWD Facilities, and the City Facilities, the District shall, if such JCFA Facilities are authorized to be financed and the District determines that it will be consistent with the Joint Community Facilities Agreements, allocate the proceeds of the sale of such Bonds among such accounts for the County Facilities, the WMWD Facilities, and the City Facilities in such amounts as are requested by the Developer.

5.06. Excess Proceeds. After the issuance of Bonds of all Series, and the deposit of proceeds of Bonds and Facilities Special Taxes have been deposited into each of the County Facilities Account, the WMWD Facilities Account, and the City Facilities Account in the maximum amount allowed by the Greatest Share Rule, any additional Surplus Special Taxes shall be deposited in the School District Facilities Account.

5.07. Covenant to House Students on First Priority Basis. Pursuant to Government Code Section 53312.7(b), the students living in the Residences shall have a priority right to attend the School Facilities.

ARTICLE VI NO FURTHER MITIGATION

6.01. Notification of Mitigation. The District agrees to inform the County and other interested parties that the Developer has satisfied current District policy by entering into this Agreement, and that the Developer has agreed to mitigate the impacts of the development of

the Property and the construction of Residences therein on the students and facilities of the District in a manner consistent with District policy.

6.02. Mitigation Not Fees. The Developer agrees that the financing method provided for in this Agreement does not constitute “fees, charges, dedication or other requirements” within the meaning of Education Code Section 17620 and Government Code Sections 65995 through 65997, and is therefore not subject to the limits contained therein. The Developer waives any and all claims and causes of action which it may have pursuant to Government Code Section 65995 through 65997 and Education Code Section 17620 or any other provision of law which limits the amount of fees, charges, dedications or other requirements which the District may collect or impose as a condition to the development and construction of Residences in the Property. However, the foregoing waiver shall not prevent the Developer from challenging the District’s calculation of the Level 2 Fee or the Agreed Mitigation Fee.

6.03. No Further Exactions. Except to the extent provided herein, the District shall not, under any circumstances:

(a) Exercise any power or authority under current or future law to levy or impose an exaction of land, goods, money, or services, whether denominated a fee (including, but not limited to, any fees or charges under Education Code Section 17620 et seq. or Government Code Section 65995 et seq.), tax, charge, dedication, or otherwise, against any development of the Property;

(b) Require, request, or cooperate with the County, WMWD, the City, or any other governmental entity to exercise any power or authority to levy or impose an exaction of land, goods, money, or services, whether denominated a fee, tax, charge, dedication, or otherwise, for the District’s benefit; or

(c) Sponsor or require the formation of a community facilities district (other than the CFD) for any of the Property without the express, written consent of the Developer, which consent may be given or withheld in the Developer’s sole discretion.

6.04. Additional Taxation. Except with the written consent of the Developer, the District shall (i) not include the Property in any School Facilities Improvement District (“SFID”), community facilities district, assessment district, or other financing district (other than the CFD), and (ii) not include all or any part of the Property in any parcel tax that is for the financing of capital improvements.

6.05. No Opposition. The provisions of this Agreement are in lieu of any other fees, exactions, conditions or impositions that may be imposed by the District on the Developer as a condition to the development of the Property. In consideration of the execution of this Agreement, the District shall not oppose development of the Property or any request by the Developer for a land use or other government approval for the development of the Property or the construction of Residences therein. However, so long as this Agreement is effective, the District shall not be required to provide a Certificate of Compliance to the Developer for any Residence unless the conditions for issuance of the Certificate of Compliance set forth in this Agreement are satisfied.

**ARTICLE VII
MISCELLANEOUS**

7.01. Obligations of the District and Developer if the CFD is not Established. If the Developer does not elect to have the District conduct proceedings for the formation of the CFD or the CFD is otherwise terminated, the obligations of the Developer with respect to the construction of Residences in the Property will be only to pay the Level 2 Fees for such Residences to the District as a condition to the issuance of Certificates of Compliance to enable the Developer to obtain building permits for such Residences from the County, as provided in Section 2.01.

7.02. No Reduction in Special Taxes. The District agrees that, if the CFD is established, the Facilities Special Taxes which may be levied will be pledged to the financing of the School Facilities and the JCFA Facilities. Accordingly, a reduction in the special tax rates authorized to be levied in the manner and at the time set forth in the RMA on parcels of taxable property in the CFD would interfere with the timely retirement of all series of the Bonds as well as the contractual obligations the District has with the Developer to use the proceeds of the Bonds and the Facilities Special Taxes to finance the School Facilities and the JCFA Facilities in the manner set forth in this Agreement. The District (i) shall annually levy special taxes in accordance with the RMA, and (ii) to the extent that it is legally permitted to avoid doing so, shall not initiate and conduct proceedings to reduce the maximum special tax rates except if requested to do so by the Developer in writing or as provided in the RMA. If after the CFD is established an ordinance is adopted by initiative pursuant to Section 3 of Article XIII C of the California Constitution, which purports to reduce or otherwise alter the maximum special tax rates specified in the RMA, the District shall use its best efforts to preserve its ability to comply with the provisions of this Section 7.02, provided the District shall have no obligation to initiate or participate in litigation related to any such ordinance. The District shall not take any steps to remove property from the CFD or the CFD, to dissolve the CFD or the CFD, or to cancel the lien of the special taxes without the written consent of the Developer.

7.03. Attorneys Fees. If either party brings any action or proceeding against the other party arising out of this Agreement, or is made a party to any action or proceeding brought by the other party, the prevailing party shall be entitled to recover as an element of its costs of suit, and not as damages, its reasonable attorney's fees, as fixed by the court in such action or proceeding or in any separate action or proceeding brought to recover such attorney's fees.

7.04. Amendment and Assignment. This Agreement may be amended at any time by only in writing signed by each party hereto. This Agreement may be assigned, in whole or in part, by the Developer to the purchaser of any parcel of land within the property (other than homeowners), provided, however, such assignment shall not be effective unless and until the School District has been notified in writing of such assignment.

7.05 Successors and Assigns. This Agreement shall be binding on all successors and assigns of the Developer and the District, and, except as provided in Section 7.06 or as otherwise provided herein where express assignment is required, the covenants, benefits and burdens contained in this Agreement shall be and are a covenants running with and an encumbrance upon all lots within the Property.

7.06. Not Binding on Homeowners. This Agreement shall not be binding upon or inure to the benefit of any homeowner within the Property; and no such homeowner shall be deemed or construed to be a successor or assign of the Developer with respect to this Agreement.

7.07. Authority to Execute. The persons executing this Agreement on behalf of the Developer and the District represent and warrant that they are duly authorized to execute and deliver this Agreement on behalf of their principals.

7.08. Entire Agreement. This Agreement (including its exhibits) is the entire agreement between the Developer and the District pertaining to the subject matter of this Agreement, and all prior representations, negotiations, understandings, and oral arrangements of the Developer and the District are superseded by this Agreement.

7.09. Independent Review. The District and the Developer acknowledge and agree that each of them has been able to review this Agreement with legal counsel independently and/or has the requisite experience and sophistication to understand, interpret and advise on the particular provisions of this Agreement. In the event of ambiguity in or dispute regarding interpretation of any of the provisions of this Agreement, such provisions shall not be resolved by any rule of document construction providing for interpretation against the District or the Developer as the preparer of this Agreement.

7.10. Counterparts. This Agreement may be executed in counterparts and when so executed by the District and the Developer, shall become binding upon them and each such counterpart will be an original document.

7.11. Third Party Beneficiaries. Except as provided below, no person or entity shall be deemed to be a third party beneficiary of this Agreement, and nothing in this Agreement (either express or implied) is intended to confer any rights, remedies, obligations or liabilities under or by reason of this Agreement on any person or entity other than the District, the Developer and/or their duly-authorized successors or assigns.

7.12. California Law. This Agreement shall be governed and construed in accordance with the laws of the State of California.

7.13. Severability. If any provision of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remaining provisions of this Agreement continue to be enforceable and shall be given effect to the fullest extent reasonably possible to accomplish any legal and valid intent underlying the illegal or unenforceable provisions.

Topic: Ordinance No. 2015/16-01 – Ordinance of the Board of Education of the Riverside Unified School District, an Urgency Ordinance Levying Special Taxes to be Collected During Fiscal Year 2016-17 for the Payment of the Principal of and Interest on and Administrative Expenses with Respect to the Bonds of Community Facilities District No. 3 of Riverside Unified School District

Presented by: Hayley Calhoun, Director, Planning and Development

Responsible
Cabinet Member: Kirk R. Lewis, Ed.D., Assistant Superintendent, Operations

Type of Item: Consent

Short Description: The Board of Education must adopt an ordinance levying special taxes for the 2016-17 fiscal year on property within the Community Facilities District No. 3.

DESCRIPTION OF AGENDA ITEM:

The Board needs to adopt an ordinance rather than a resolution when new parcels have been added to the Community Facilities District (CFD) tax rolls or the tax rate levied on the CFD exceeds that previously levied by a prior ordinance. Because this ordinance is only being brought before the Board one time, it is considered to be an urgency ordinance. All of the requisite noticing requirements have been completed. The Board must adopt this ordinance for the fiscal year 2016-17 to pay debt service on the outstanding bonds and to pay the costs associated with the administration of the CFD.

The vote on Ordinance No. 2015/16-01 must be done by roll call.

FISCAL IMPACT: None

RECOMMENDATION: It is recommended that the Board of Education adopt Ordinance No. 2015/16-01.

ADDITIONAL MATERIAL: Ordinance No. 2015/16-01 and CFD No. 3 Map.

ORDINANCE NO. 2015/16-01

AN URGENCY ORDINANCE LEVYING SPECIAL TAXES TO BE COLLECTED DURING FISCAL YEAR 2016-17 FOR THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON AND ADMINISTRATIVE EXPENSES WITH RESPECT TO THE BONDS OF COMMUNITY FACILITIES DISTRICT NO. 3 OF RIVERSIDE UNIFIED SCHOOL DISTRICT

THE BOARD OF EDUCATION OF RIVERSIDE UNIFIED SCHOOL DISTRICT DOES ORDAIN AS FOLLOWS:

Section 1. Findings. It is necessary that the Board of Education of Riverside Unified School District levy special taxes pursuant to Sections 53340 and 53358 of the Government Code for the payment of the principal of and interest on the outstanding bonds of Community Facilities District No. 3 of Riverside Unified School District, County of Riverside, State of California (the "District"), and for the payment of administrative expenses incurred in connection with the levy and collection of said special taxes and the payment of such principal and interest.

Section 2. Levy of Special Taxes. Special taxes shall be and are hereby levied for the 2016-17 fiscal year on all parcels of real property within the District which are subject to taxation, which are identified in Exhibit "A" attached hereto, and in the amount set forth for each such parcel in said Exhibit "A." Pursuant to said Sections 53340 and 53358, such special taxes shall be collected in the same manner as ordinary ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure, sale, and lien priority in case of delinquency as is provided for ad valorem taxes.

Section 3. Transmittal to County. The Clerk of the Board of Education shall immediately following adoption of this ordinance transmit a copy hereof to the Board of Supervisors and the County Auditor of the County of Riverside together with a request that the special taxes as levied hereby be collected on the tax bills for the parcels identified in Exhibit "A" hereto, along with the ordinary ad valorem property taxes to be levied on and collected from the owners of said parcels.

Section 4. Authorization to Publish Ordinance. The President of the Board of Education shall sign this ordinance and the Clerk shall attest thereto and shall, within fifteen days of its adoption, cause it or a summary of it to be published in the Press Enterprise, a newspaper published and circulated in Riverside Unified School District.

Section 5. Urgency and Effective Date. This ordinance is an urgency ordinance relating to taxes for the usual and current expenses of the District, *i.e.*, the levy of special taxes to pay the principal of and interest on the outstanding bonds of the District. Accordingly, pursuant to Sections 36937 of the Government Code, this ordinance shall become effective immediately upon its adoption.

Topic: Single Plans for Student Achievement

Presented by: Anu Menon, Director, Academic English Learners & Student Support
Nick Chitwood, Teacher on Special Assignment, Academic English Learners & Student Support

Responsible Cabinet Member: Antonio Garcia, Assistant Superintendent, Curriculum & Instruction K-12

Type of Item: Consent

Short Description: California Education Code requires that schools receiving state or federal categorical funding develop an annual Single Plan for Student Achievement (SPSA).

DESCRIPTION OF AGENDA ITEM:

There are thirty-one schools in Riverside Unified that will receive categorical funding in the Riverside Unified School District for the 16-17 school year: John Adams, Alcott, Patricia Beatty, Bryant, Emerson, Fremont, Harrison, Hawthorne, Highgrove, Highland, Andrew Jackson, Thomas Jefferson, Liberty, Henry W. Longfellow, Madison, Magnolia, Monroe, Mountain View, Pachappa, William Howard Taft, Victoria, Washington, Central, Chemawa, Gage, Sierra, University Heights, Lincoln, Opportunity, John W. North, and Ramona. These sites are required to have an annual Single Plan for Student Achievement (SPSA). The SPSA is a document that provides an overview of the instructional areas of focus, an analysis of current educational practice, SMART goals (Strategic, Measurable, Attainable, Results-oriented Time-bound), action plans, and interventions. It also specifies how categorical funding such as federal Title I funds will be used to supplement site instructional programs. In addition to the Board of Education, School Site Councils are required to review and approve the SPSAs annually. At this time, SPSAs have been approved by local School Site Councils at all sites except for Opportunity, meet all other legal requirements, and require board approval. Opportunity is entering the Title I program for the first time, and requires additional time to complete their initial SPSA.

In addition, Lincoln is currently operating as a Targeted Assistance program, which restricts Title I funds to only certain students identified on the basis of multiple academic criteria as needing supplemental support. The site’s SPSA as written however, meets all requirements to become a Schoolwide Program Title I school, allowing the site additional flexibility in using the

funds to meet the needs of all students in enhancing the overall instructional program. The last step in becoming a Schoolwide Program Title I school is Board of Education Approval.

FISCAL IMPACT: None

RECOMMENDATION: It is recommended that the Board approve the 2016-2017 Single Plan for Student Achievement for all Title I school sites except for Opportunity. In addition, it is recommended that the Board approve Lincoln High School as a Schoolwide Program School.

Topic: Physical Education Exemptions for High School Students With Severe Medical Conditions

Presented by: Mr. John Robertson, Instructional Specialist

Responsible
Cabinet Member: Antonio Garcia, Assistant Superintendent, Curriculum & Instruction K-12

Type of Item: Consent

Short Description: Staff is recommending the exemption of the physical education graduation requirement for junior and senior high school students with severe medical/physical conditions.

DESCRIPTION OF AGENDA ITEM:

Students are required by the California Education Code to complete a minimum of two years of physical education as a graduation requirement. High school students have four years to complete this requirement. Each year RUSD has a small number of high school junior and senior students that are unable to complete the requirement due to a severe medical or physical condition and in which a modification program to meet the needs of the pupils cannot be provided. California Education Code gives governing boards of local school districts the authority to grant physical education course exemptions for these students (EC 51241 (c)(1)).

Students requiring permanent exemption due to severe medical or physical conditions are:

Student ID# 284382	Student ID# 330336	Student ID# 281479
Student ID# 281657	Student ID# 428337	Student ID# 273663

Topic: Riverside Unified School District Representatives to California Interscholastic Federation Southern Section for 2016-17

Presented by: Darel Hansen, Director, Secondary Education

Responsible Cabinet Member: Antonio Garcia, Assistant Superintendent, Curriculum & Instruction K-12

Type of Item: Consent

Short Description: It is recommended that the Board of Education designate the Superintendent, Assistant Superintendent of Curriculum and Instruction K-12, and Director of Secondary Education, from Riverside Unified School District to the California Interscholastic Federation (CIF) Southern Section for the 2016-17 school year.

DESCRIPTION OF THE AGENDA ITEM:

California Interscholastic Federation (CIF) asks that each year, after action by the governing Board, districts send the names of league representatives to the CIF Southern section office. The presumption behind Education Code 3353 (a) (1) is that the representatives of boards are the only people who will be voting on issues, at the league and section level, that impact athletics.

If a governing board does not take appropriate action to designate representatives or this information is not given to section offices within the required time frame, CIF is required to suspend voting privileges (CIF Constitution, Article 2, Section 26, page 112) for the affected schools.

FISCAL IMPACT: None

RECOMMENDATION: Approval is required for the 2016-17 representatives to California Interscholastic Federation Southern Section.

ADDITIONAL MATERIAL: List of recommended representatives for Riverside Unified School District to CIF Southern Section for 2016-17 school year.

VII. **Key Assignments:**

Topics/Units/Themes	Key Activities/Assignments (optional)
<p>Unit One: In this unit, students will be introduced to the different types of digital media that will be covered in this course (design, photography, and video production). Throughout this unit the instructor will assess the background of his/her students. This will allow the instructor to modify instruction to best suit the needs of the class. Students will learn class procedures and expectations. Students will be asked to participate in whole class discussions. Topics will include, careers in digital media, copyright laws, ethics and aesthetics. Students will also be given an overview of the Adobe creative suite. Specifically, the instructor will explain the basic functions of each program and will show examples of projects that were done using each program. The instructor will explain the different platforms (Mac vs. PC). Students will also be introduced to essential vocabulary. Students will also be introduced to art elements and principles of design.</p>	<p>Example Assignment: Discussion Board Using a discussion board (haiku.com), students will be asked to talk about what digital media is and its roll in society and culture. Students will be asked to compare traditional arts with digital arts and discuss the future of digital arts. In addition, students will be asked to comment on two or more posts by their peers. This will allow students to express their views of digital media as well as explore how it is perceived by the rest of the class. (Presenting: Anchor Standard #4)</p>
<p>Unit Two: In this unit, students will be introduced to how art elements and design principles are used to analyze and create original works. Students will also be introduced to equipment such as tripods, point and shoot cameras, SLR cameras and the Photoshop environment. Vocabulary (aperture/f-stop, shutter speed, ISO, white balance, focal point, depth of field jpeg and megapixels) will be introduced to students as they get hands on experience with cameras and equipment. The instructor will show examples from Man Ray, Ansel Adams, Leibovitz, Von Wong. The instructor will also show examples of different types of photography (portraiture, editorial, photo journalism, landscape/nature). Students will apply art elements and design principles while creating their own projects. Photoshop skills that will be introduced this unit will include saving, cropping, copy, paste, importing, cloning, layers, blending, minor color correcting and some filters.</p>	<p>Example Assignment: Me Plus Three Using a tripod and a digital camera, students will photograph themselves on four consecutive days in a central location. They will then import these images and create an image in which they are interacting with themselves. This project will focus on proportion, scale and light. Students will learn Photoshop skills, portraiture, and composition skills. (Creating: Anchor Standard #3)</p>

<p>Unit Three: In this unit, students will cover a variety of topics relating to design. These topics include graphic design, identity systems, advertising, pop art, and product design. Key concepts that will be covered in this unit will be typography and composition. The instructor will touch on topics such as art with a purpose, which will include propaganda and social commentary. Many of the projects in this unit will be done using Illustrator. Topics will include, saving, the pen tool, the type tool, the marquee tool, layers, fill, stroke, pathfinder and the align tool. This unit has a series of projects that take the students through the design process. They will start with creating the branding (logos) for their own company. Then they will pick a product and design a visual advertising campaign to market their product. Students will then create innovative packaging for their product. Lastly, they will create a mini portfolio that will show their process.</p>	<p>Example Assignment: Logo Students will consider typography, color and composition to create an appropriate and appealing logo for a fictitious company using their sir name as the company title. All students will start by sketching ideas before moving to the computer. Students will reference sites such as Behance, 99designs, and butdoesitfloat.com to identify approaches that were successful and ones that were not. This will help them in their own process. Students will learn how to create an image using type and text and will present their work at the end of the lesson. (Creating: Anchor Standard #2 and #3, Presenting: Anchor Standard #6)</p>
<p>Unit Four: In this unit, students will take previous knowledge and apply it to motion graphics. Students will be introduced to Flash and Final Cut X. Students will learn how to properly use equipment such as, lighting, tripods, cameras, microphones and booms. Topics covered in this unit include editing, lighting, script writing, mood, animation, sound and effects. This unit will focus on visual story telling. Students will create storyboards to develop short stories or messages. Most projects in this unit will require students to participate in group work.</p>	<p>Example Assignment: Music Video Students will produce a short music video. Emphasis is placed on timing, and sequencing. Students will use art elements (color, shape, and line) to create an overall visual mood that matches the mood of the music. (Creating: Anchor Standard #1 and #2, Producing: Anchor Standard #6)</p>
<p>Unit Five: In this unit, students will learn about potential careers in digital media. Topics that will be covered in this unit include professional practices, salary, and exploration of industry. In addition, students will be asked to create a portfolio that will include a minimum of five projects that they have created in this class. Students will be asked to create a presentation that will demonstrate the growth and understanding they have gained through-out the year.</p>	<p>Example Assignment: Research Project Students will research at least one profession in the digital media field. Students will be asked to find out educational pathways, daily duties, experience requirements, salary and perspective employers. (Presentation: Anchor Standard #4)</p>
<p>Unit Six: Students will use all that they have learned to create individual projects in the areas of study. Students will self-select areas based on their preference to submit for the annual Media Arts</p>	<p>Example Assignment: Short Story movie. Students will create a short story film from pre-production brainstorming, storyboarding, script</p>

Academy Smackdown Awards Show	writing to production where they will hire actors, film, and post-production where they will edit for flow and technique.

Students will learn how to research using both digital and print resources, evaluate the reliability of sources, write four beginning level research papers incorporating three to five reliable sources, and participate in online journaling and dialogue regarding Global Issues. Students will learn the basic purpose, structure and function of various international treaties and organizations. Students will actively participate in cultural geography simulations, demonstrating through performance assessment their understanding of diplomacy, group negotiation, formal speaking and conflict negotiation within the context of the cultural geography curriculum. Course text includes the Geography textbook, the UN Global Agenda and additional supplemental sources (including readings, articles, multimedia presentations, film clips, guest speakers and online topic synopses). In addition, students will learn the basics of time management, study skills, note taking and College admission readiness.

History of Course Development

The goal of the MLKHSMUN Leadership Academy is to produce students who excel in rigorous high school curriculum, attend and succeed at competitive colleges and serve as global leaders in any professional field of their choice. To achieve this, the Cultural Geography MUN I Honors course was developed to provide set curriculum depth within the cultural geography theoretical context. Furthermore, academic standards for assessment have been created for use within the program to be utilized throughout all four years of MUN instruction. These standards provide a spiraling development of common core skills within the Cultural Geography study. These standards are as follows:

1. Research, Critical Reading and Writing
2. Oral and Visual Presentation Skills
3. Group Dynamics/Leadership
4. Leadership and use of Parliamentary Procedure
5. Service Learning through Community Outreach
6. Cross Curricular Projects, AP Study Skills and College Admissions Prep

These standards will be built upon each year within the academy courses with increasing levels of rigor as student skills improve. Students will be introduced to global, environmental, economic, and humanitarian issues and conflict, building on the curriculum of previous years and improving their critical reading, writing, and thinking skills over their four years of academy study.

The MLKHSMUN Leadership Academy will follow a cohort model of instruction, with cross-curricular instruction taking place between the English, History and MUN courses at each grade level. Instructors of these classes create meaningful and engaging projects that help reinforce MUN skills and key concepts in all three courses.

MUN Simulation - Geographic Perspective:

Students will acquire an analytical lens they can use to analyze virtually anything that has a spatial distribution—that is, anything that can be mapped. In this lesson, students will come to understand the interdisciplinary nature of geography and the tools offered by this discipline. They will comprehend the unique way that Geography offers us to understand the ever-changing relationship between humans and the environment and thus make predictions and even propose solutions to current problems. Students will debate through MUN simulation style recent issues that exist as they analyze through maps how geographical context can explain and illustrate international conflicts.

MUN Simulation - Humanitarian Issues: Students will research and demonstrate international perspectives on various humanitarian issues as they assume the role of a nation within an MUN style simulation addressing a variety of issues. Topics may include:

- Poverty, Hunger, and Water – The example of Africa
- Rebels and Refugees
- Women, Children and Education

MUN Simulation - Africa: Students will research and demonstrate international and regional perspectives on various issues facing African nations as they assume the role of a nation within an MUN style simulation addressing a variety of issues. Topics may include:

- De-Colonization & Conflict
- Hunger and Poverty
- Sustainable Development

Instructional Methods and/or Strategies

Committee Simulations: Students will demonstrate understanding of various international issues and ability to negotiate and debate in groups by participating in simulations of United Nations or international committees in class. Students will be required to research a country's given policy on an issue, give speeches, comments on each others speeches, form caucus and negotiating groups, and create resolutions to the problems assigned.

Jigsaw Readings: Students will demonstrate their understandings of advanced readings and ability to critically read and analyze text through jigsaw activities that require them to read and analyze text in a small collaborative group, then share their findings with the class as a whole.

Socratic Seminar: Students will demonstrate their understandings of advanced readings and ability to critically read and analyze text through socratic discussions that require students to connect specific texts to outside knowledge or readings and their own personal opinions and experience. They will evaluate authors' point of view and evaluate opinion pieces to form personal judgements about given issues in international and American foreign policy.

Informal Debate: Students will demonstrate their understanding of current events and foreign policy issues through informal class debates in which students will have to take a side in an issue and defend their opinions. Informal debates will be loosely structured, but require students to speak extemporaneously on the subject under debate and demonstrate active listening through responses to classmates' comments.

Formal Debate: Students will demonstrate their understanding of current events and foreign policy issues through formal class debates in which students will have to present arguments supporting an assigned issue using formal debate procedures. Students will demonstrate formal speaking skills and extemporaneous speaking through planned opening statements and unplanned rebuttals and counterarguments. Debates will largely spring from the reading of Taking Sides articles.

Student Presentation: Students will regularly be asked to demonstrate their understanding of assigned topics through formal and informal student presentations, utilizing presentation software and learning management systems like Haiku, PowerPoint and Prezi to educate their classmates.

Videos: Instructional videos will occasionally be shown to provide content to students. Students will be asked to take focused notes on videos in Cornell style, in which they answer an essential question, summarize their information, and connect to outside readings or knowledge.

Research Activities: Students will use technology to research specific events or issues in foreign policy as part of the course's content dissemination.

Assessment Methods and/or Tools

Summative Unit Assessments: Summative assessments will be assigned at the end of each unit to assess the student's understanding of the topic that has been discussed and some specific MUN skill that has been taught. These assessments vary from unit to unit, but will include presentations, speeches, formal debates, committee resolutions, and research papers.

Class Discussions: Students will be assessed daily for their understanding and participation through class discussions. These formative assessments will inform instruction each day and provide evidence for any academic intervention required of students who fail to demonstrate proficiency.

Blog Posts: Students will be assessed multiple times per unit for their understanding of key skills and concepts through their class blog. Students will keep their personal blogs online all year and participate not only in reflection of the content, but in reflection of themselves as students and MUN delegates.

Peer- and Self-Evaluation: Students will regularly evaluate themselves and their peers in activities such as committee roasts, Capstone participation, and blog posts. Students will receive feedback from their peers on their participation and competency in various skills and units, then use that feedback to inform their own self-reflections of their ability and progress. These self- and peer-evaluations will be used in conjunction with instructor observations to grade students in participation in conferences, simulations, and debates.

MUN Simulations: Students will be assessed on their knowledge of global issues, participation, debate, speaking, and negotiation skills in a minimum of three Model United Nations simulations throughout the year. Students will be required to give a formal policy speech, make comments on the speeches of other participants, and participate in caucuses with the goal of drafting resolutions within their policy blocs. This will serve as a performance assessment for the researched position papers students are required to write.

Global Issues MUN II UC Course Application

Brief Course Description

Students will be introduced to major global issues using an experiential model of study including research, simulation, and debate. The course will focus on introducing the social, political, environmental, and economic impact of contemporary and emerging global issues. Specific focus will be given to issues in the developing world, including Africa, the Middle East, Latin America, and South East Asia. Students will be expected to research, write about, and defend their positions on various topics within the course curriculum, demonstrating citizenship, media literacy, and ethical decision making. Students will learn and practice group leadership, speech and negotiation skills. These skills will be demonstrated through critical reading, writing and project based learning. As a mandatory element of the course, students will also begin to research, develop and ultimately implement their Global Impact Project which will serve as their culminating Capstone activity during their Senior year.

Context for Course

Students will study modern global issues and their correlation with world history. Students will explore globally shared problems through structured curricular study requiring in depth research and analysis. Students will practice and demonstrate the process and structure for researching and writing intermediate college level research papers utilizing standard manuscript styles, understand how to use digital library periodicals as well as determine the reliability of online sources. Students will write four intermediate level research papers incorporating three to five reliable sources, and participate in online journaling and dialogue regarding historical and current global issues. Utilizing inquiry based methodology, students will actively participate in three global issues simulations, demonstrating their skills of diplomacy, group negotiation, formal speaking and conflict negotiation within the global issues curricular context. Students will learn the basics of committee simulation procedure and protocol in preparation to assist in running a global issues committee simulation. Course texts include "Global Issues: An Introduction", "Choices" (focusing on historical global issues), and additional supplemental sources (including readings, articles, multimedia presentations, film clips, guest speakers and online topic synopses). Students will practice formal and extemporaneous speaking styles. Students will research possible future Capstone service learning projects, identifying a focus and drafting a proposal. Students will practice proficient AP/College note taking strategies for outlining lectures and textbook reading, learn how to critically read and analyze primary and secondary source documents in defense of a thesis, practice time management and goal setting skills (reverse planning, calendaring, goal setting, etc.), and create their college admissions plan, evaluate progress thus far, and make changes as needed. Support will be provided to help students prepare for and take standardized college admissions tests. Students will be prepared for successful continuation in the MUN Leadership Academy.

History of Course Development

The goal of the MLKHSMUN Leadership Academy is to produce students who excel in rigorous high school curriculum, attend and succeed at competitive colleges and serve as global leaders in any professional field of their choice. To achieve this, the Global Issues MUN II Honors course was developed to provide set curriculum depth within the Global Issues theoretical context. Furthermore, academic standards for assessment have been created for use within the program to be utilized throughout all four years of MUN instruction. These standards provide a spiraling development of common core skills within the Global Issues study. These standards are as follows:

Committee Simulations: Students will demonstrate understanding of various international issues and ability to negotiate and debate in groups by participating in simulations of United Nations or international committees in class. Students will be required to research a country's given policy on an issue, give speeches, comments on each others speeches, form caucus and negotiating groups, and create resolutions to the problems assigned.

Jigsaw Readings: Students will demonstrate their understandings of advanced readings and ability to critically read and analyze text through jigsaw activities that require them to read and analyze text in a small collaborative group, then share their findings with the class as a whole.

Socratic Seminar: Students will demonstrate their understandings of advanced readings and ability to critically read and analyze text through socratic discussions that require students to connect specific texts to outside knowledge or readings and their own personal opinions and experience. They will evaluate authors' point of view and evaluate opinion pieces to form personal judgements about given issues in international and American foreign policy.

Informal Debate: Students will demonstrate their understanding of current events and foreign policy issues through informal class debates in which students will have to take a side in an issue and defend their opinions. Informal debates will be loosely structured, but require students to speak extemporaneously on the subject under debate and demonstrate active listening through responses to classmates' comments.

Formal Debate: Students will demonstrate their understanding of current events and foreign policy issues through formal class debates in which students will have to present arguments supporting an assigned issue using formal debate procedures. Students will demonstrate formal speaking skills and extemporaneous speaking through planned opening statements and unplanned rebuttals and counterarguments. Debates will largely spring from the reading of Taking Sides articles.

Student Presentation: Students will regularly be asked to demonstrate their understanding of assigned topics through formal and informal student presentations, utilizing presentation software and learning management systems like Haiku, PowerPoint and Prezi to educate their classmates.

Videos: Instructional videos will occasionally be shown to provide content to students. Students will be asked to take focused notes on videos in Cornell style, in which they answer an essential question, summarize their information, and connect to outside readings or knowledge.

Research Activities: Students will use technology to research specific events or issues in foreign policy as part of the course's content dissemination.

Assessment Methods and/or Tools

Summative Unit Assessments: Summative assessments will be assigned at the end of each unit to assess the student's understanding of the topic that has been discussed and some specific MUN skill that has been taught. These assessments vary from unit to unit, but will include presentations, speeches, formal debates, committee resolutions, and research papers.

Class Discussions: Students will be assessed daily for their understanding and participation through class discussions. These formative assessments will inform instruction each day and provide evidence for any academic intervention required of students who fail to demonstrate proficiency.

Blog Posts: Students will be assessed multiple times per unit for their understanding of key skills and concepts through their class blog. Students will keep their personal blogs online all year and participate not only in reflection of the content, but in reflection of themselves as students and MUN delegates.

Peer- and Self-Evaluation: Students will regularly evaluate themselves and their peers in activities such as committee roasts, Capstone participation, and blog posts. Students will receive feedback from their peers on their participation and competency in various skills and units, then use that feedback to inform their own self-reflections of their ability and progress. These self- and peer-evaluations will be used in conjunction with instructor observations to grade students in participation in conferences, simulations, and debates.

MUN Simulations: Students will be assessed on their knowledge of global issues, participation, debate, speaking, and negotiation skills in a minimum of three Model United Nations simulations throughout the year. Students will be required to give a formal policy speech, make comments on the speeches of other participants, and participate in caucuses with the goal of drafting resolutions within their policy blocs. This will serve as a performance assessment for the researched position papers students are required to write.

Secondary School Course Proposal

- I. **Course Purpose:** Financial Algebra offers 12th grade students an opportunity to view the world of finance through a mathematical lens. The topics were developed using the Common Core State Standards in Mathematics, the California Mathematics Standards, and the NCTM Curriculum and Evaluation Standards. The mathematical formulas, functions, and pictorial representations used assist students in making sense of the financial world around them and equip them with the ability to make sound financial decisions.

The overarching purpose of the course is to develop the type of mathematically proficient students addressed in this excerpt from the Common Core State Standards for Mathematics.

Mathematically proficient students can apply the mathematics they know to solve problems arising in everyday life, society, and the workplace. Mathematically proficient students who can apply what they know are comfortable making assumptions and approximations to simplify a complicated situation, realizing that these may need revision later. They are able to identify important quantities in a practical situation and map their relationships using such tools as diagrams, two-way tables, graphs, flowcharts and formulas. They can analyze those relationships mathematically to draw conclusions. They routinely interpret their mathematical results in the context of the situation and reflect on whether the results make sense, possibly improving the model if it has not served its purpose.

Financial Algebra builds strength in reasoning and number sense, because the real-world applications demand that solutions make sense. Through contextual problem solving and the mathematical modeling of real situations, the course gives the students the motivation to persevere through routine and non-routine problems, and as a result, develop strength and confidence in their mathematics ability.

- II. **Course Description:** Seat based On-Line

Financial Algebra is a mathematical modeling course that is algebra-based, applications-oriented, and technology-dependent. The course addresses college preparatory mathematics topics from Advanced Algebra, Statistics, Probability, Pre-calculus, and Calculus under seven financial umbrellas: Banking, Investing, Credit, Employment and Income Taxes, Automobile Ownership, Independent Living, and Retirement Planning and Household Budgeting. The course allows students to experience the interrelatedness of mathematical topics, find patterns, make conjectures, and extrapolate from known situations to unknown situations. The mathematics topics contained in this course are introduced, developed, and applied in an as-needed format in the financial settings covered. Students are encouraged to use a variety of problem-solving skills and strategies in real-world contexts, and to question outcomes using mathematical analysis and data to support their findings.

- III. **Course Goals and/or Major Student Outcomes:**

The course offers students multiple opportunities to use, construct, question, model, and interpret financial situations through symbolic algebraic representations, graphical representations, geometric representations, and verbal representations. It provides students a motivating, young-adult centered financial context for understanding and applying the mathematics they are

guaranteed to use in the future, and is thusly aligned with the recommendations of the Common Core State Standards, as stated in this excerpt:

"...all students should be strongly encouraged to take math in all years of high school. ...An array of challenging options will keep math relevant for students, and give them a new set of tools for their futures..." From the Common Core State Standards

VIII. Instructional Methods and/or Strategies:

The instructional strategies used throughout this course are varied, targeted, and rooted in the CCSS Standards for Mathematical Practice. Just as the Standards are interrelated, the methods used in this course are. Together, the practices referenced in this section serve to build mathematical confidence, interest and strength.

The Financial Algebra program’s instructional strategies cover these basic umbrellas:

- Motivational Unit Openers
- Essential Questions
- Reading
- Discussion/interaction
- Presentation of model problems
- Extensions and problem solving
- Differentiation of instruction
- Experiential learning
- Use of technology

The **motivational unit openers** are real-life problems that need to be solved mathematically. Students realize that they “need to know” this material, as they will be encountering financial matters every days of their adult lives. Financial situations are inherently natural motivators. Since all of the problems in the course are real-world applications, lessons must integrate **reading and discussion** on a daily basis. An **essential question**, written on the board each day, serves as a focal point as algebraic symbols are used to represent the situation. These applications are all embedded in prose, so every new topic begins with a reading passage that acts as a springboard to a full-class discussion. This lively interactive feature of every lesson sets a constructive, motivating stage for the mathematics that follows.

The direct instruction/lecture component is highlighted by the investigation of **model problems** on each skill covered. After each model problem, students look for structure and regularity and try to apply it in a situation rooted in the model problem just completed. This gives the students a chance to see if they understood the new concept before moving on to a deeper problem for which the previous problem was an entry condition. Students are then asked to extend their understanding by looking for patterns and **extending** previously-used strategies. The applications at the end of each section give students a chance to practice as part of their classwork and homework. The program spirals previously-learned material on a daily basis. The sequential nature of the introduction of each new skill, followed by immediate practice, allows students to

monitor their progress often. Class notes include vocabulary and financial explanatory material as well as mathematical procedures.

The model problems and applications generally graduate in difficulty level, allowing the teacher to **differentiate instruction**. Since abstract reasoning can be difficult for many students, the instructions are graduated so students can grasp the higher level skills by meeting them step-by-step. This strategy allows student and teacher to identify the exact juncture at which the student is having difficulty. This makes diagnostics and intervention more pointed.

There is much opportunity for **experiential learning**. Projects require the students to get out in the field and meet with brokers, bankers, local businesses, etc. Guest speakers at several junctures bring the outside world right into the classroom. Students act as moderators and compile questions for the guest speaker. For some projects, data is gathered and statistically analyzed. Students present their work to the class, and they field questions and comments from their classmates.

Technology plays a key role in the development of Financial Algebra topics. The graphing calculator is a daily tool, and its algebraic and graphing features are extensively used. Spreadsheets appear in every unit so students can model situations using algebra and technology.

IX. **Assessment Methods and/or Tools:**

A variety of formative and summative assessment methods are used throughout Financial Algebra in order to assess student learning. The assessments are aligned with the course purpose and the instructional strategies used, and with the Common Core Standards for the development of mathematically proficient students. In the activities listed below, students are offered assessment opportunities to address mathematics as a sense-making tool, problem solve, reason, construct arguments, offer mathematics-justified critiques of arguments, , model, use appropriate tools, attend to precision, look for and make use of structure, and look for and express regularity in repeated reasoning.

FORMATIVE ASSESSMENTS

CLASS PARTICIPATION

- **Do Now Activities** are assessments that can be used as a vehicle for the teacher to determine whether students have acquired skills, strategies, and content necessary for subsequent work in a topic. This diagnostic feature allows the teacher to adjust the lesson accordingly, if entry conditions are not fully met.
- **CCSS Warm-Ups** are short, formative assessment questions that determine whether or not students have met prerequisite Common Core Standards for Mathematical Content necessary for success in the upcoming lesson.
- **Check Your Understanding** problems are offered to students immediately after the teacher has introduced a new concept or procedure. These problems offer students and teacher alike an immediate assessment opportunity that is confined to the single new skill just addressed. The teacher can adjust the lesson to follow based upon review of these problems.
- **Extend Your Understanding** problems are more advanced problems that use the concepts and procedures just learned and take them to another level. These can be offered to all students or differentiated for selected students depending on the nature of the problems.
- **Ticket to Leave Activities** are ungraded activities that offer the teacher an opportunity to determine the level of understanding students acquired on the skills, strategies, and content of the day's lesson. These activities can be used by the teacher to adjust the following day's lesson.

- **Direct and Indirect Teacher Questions** are immediate formative methods of assessing students' understanding. In-class discussion is a critical part of Financial Algebra. The teacher should initiate discussion through focused questioning.
- Through the **Exploration of Essential Questions** (one per lesson), the teacher assesses student understanding both pre-instruction and post-instruction. The essential question is offered to the students at the beginning of the first lesson on the topic and a discussion ensues. That same essential question is revisited during the instruction and/or post-instruction to assess student growth and learning.
- Reading and writing are an essential part of Financial Algebra. Teachers will use **written and oral response to reading** (from the textbook, newspapers, magazines, Internet, brochures, laws, etc.) as a way of assessing understanding. Some writing activities will offer students an opportunity to interpret data that is displayed in a pictorial representation. Based upon the data, they are asked to write a short, newspaper-type story centered on the graph. There is one such activity for each chapter.

HOMEWORK

- **Homework Assignments** are a daily evaluation and reflection device for both student and teacher. The level of proficiency with the homework questions should allow the teacher the opportunity to adjust the lesson as needed. The homework acts as a barometer for students, so they can formulate questions, and attempt problems on their own.

SUMMATIVE ASSESSMENTS

- **Lesson-Opener Quizzes** are short, graded, cumulative assessments that can test for prerequisite skills and/or mastery of recently taught material. These assessments are averaged and count as one full-period exam grade.
- **Full-Period Exams** are graded summative assessments that test student acquisition of skills, strategies, and content.
- **Experiential Learning** activities are project-based assessment tools that are offered to students as long-term assignments. Students are asked to do research in a variety of forms and formats in order to accomplish a task that is related to the skills, strategies, and content covered in the chapter. Their projects can be submitted in print, electronic, or presentation format. Precision and accuracy will be scrutinized during their presentations as well as the ability to use mathematical tools appropriately and strategically. Each project is valued as a single full-period exam grade.

Topic: 2016-17 Declaration of Need for Fully Qualified Educators

Presented by: Gina Scott, Credential Analyst, Department of Personnel Leadership and Development

Responsible
Cabinet Member: Susan Mills, Assistant Superintendent, Department of Personnel Leadership and Development

Type of Item: Consent

Short Description: The District’s 2016-17 Declaration of Need for Fully Qualified Educators is presented to the Board of Education for approval.

DESCRIPTION OF AGENDA ITEM:

Board approval is requested of the District’s Declaration of Need for Fully Qualified Educators:

Each year, the California Commission on Teacher Credentialing (CCTC) requires all school districts to submit a Board approved Declaration of Need for Fully Qualified Educators prior to employing teachers with emergency permits and limited assignment permits.

The limited assignment permits allow an employee to be assigned outside the specialty area of their credential, whether it is in general education or in special education. An individual holding the general education limited assignment permit (GELAP) may be assigned to teach departmentalized courses within the authorized field or fields named on the document, such as those generally found in the middle and high schools. An individual holding the special education limited assignment permit (SELAP) may be assigned to serve outside the specialty area of their special education credential while they are completing the coursework for an Added Authorization in Special Education.

Although the employment of temporary permit teachers has greatly decreased during the past several years, it is sometimes necessary to utilize temporary teaching permits to fill vacant teaching positions in the areas of bilingual education, math, science, career technology, health and special education.

Teachers with temporary teaching permits and limited assignment permits receive on-going training and support through the Instructional Services Department, as well as, staff development

opportunities that are provided at each school site. All temporary permit teachers must provide verification that they are enrolled in a state-approved teacher preparation program before an offer of employment is issued.

FISCAL IMPACT: None

RECOMMENDATION: It is recommended that the Board of Education approve the District's Declaration of Need for Fully Qualified Educators.

Topic: Traffic Mitigation Measures at Riverside STEM Academy

Presented by: Hayley Calhoun, Director, Planning and Development

Responsible

Cabinet Member: Kirk Lewis Ed.D, Assistant Superintendent, Operations

Type of Item: Report/Discussion

Short Description: Staff will present the measures implemented to address the traffic concerns of neighbors who live in the surrounding area.

DESCRIPTION OF AGENDA ITEM:

The Riverside STEM Academy was established at the former Hyatt Elementary School site in 2012 with 5th – 8th grade students and an enrollment of 414 students. Since then, an additional grade level was added each year culminating in a 5th – 12th grade program in the 2016-2017 school year with a projected enrollment of 647 students.

The neighbors who live in the surrounding area of Riverside STEM Academy have brought forward concerns over the increasing traffic congestion.

District and school staff as well as City personnel have met with the neighbors on a number of occasions to listen to the issues presented by the community and ultimately presented and implemented mitigation strategies. Staff will present the communicated concerns, evaluation, and district response including site improvements, staff actions, and city implemented response actions.

FISCAL IMPACT: None

RECOMMENDATION: This is a report item and no action is necessary.

RIVERSIDE UNIFIED SCHOOL DISTRICT
BOARD OF EDUCATION MEETING
MAY 31, 2016

DR. KIRK LEWIS – ASSISTANT SUPERINTENDENT, OPERATIONS DIVISION
HAYLEY CALHOUN – DIRECTOR, PLANNING AND DEVELOPMENT

Community communication and District planning

- Community meetings were held: June 29, July 9, August 20, and September 10th
- District planning meetings were held with the City Traffic Engineer, RPD Traffic Commander, District and STEM staff: July 20, July 28, and August 4th
- A core resident meeting was held August 10th
- Communication with key residents regarding the progress on the busing survey in February and May
- Community input was gathered and discussed
- Mitigation strategies were developed, discussed with the community, and ultimately implemented

Actions discussed to address Community Concerns

Completed

Parking lot expansion to include an additional 20+ spaces

City to provide signs of alternative routes to RSA through neighborhood to divert traffic off of Watkins

Survey parents to determine who would utilize busing if provided

Under consideration

Discussed increasing staggered start times (currently 10 minutes)

Discussed staggered dismissal times (after school club participation provides staggered exit from school site)

Provide incentives to encourage walking from other locations

Investigate bus options for students who attend STEM

In Planning

Widen the driveway into the parking lot and place a median to create dedicated right and left turn lanes

Ongoing

Traffic enforcement at arrival and dismissal (completed in first weeks of school with periodic enforcement throughout the year)

School Site Improvements

- Parking Lot expansion in summer 2015 included an additional 20+ spaces
- Parking lot re-striped summer of 2015 which extended drop off and allowed for a second drive-thru lane

City Actions: installed signage for Alternate Routes to/from RSA to improve Ingress & Egress

City Improvements at Mansfield and Mt. Vernon

Mansfield/Mt. Vernon Improvements: City installed a crosswalk at the corner of Mansfield and Mt. Vernon with a drop off lane on Mt. Vernon. Students can be dropped off on Mt. Vernon, cross the street and walk safely up Mt. Vernon to RSA. Encourages a southerly approach on Mt. Vernon rather than off of Watkins

Parent Survey completed in January 2016 to determine interest in Busing Options and Ridership

Highlighted results from the survey

- ▶ A total of 264 surveys were completed
- ▶ Highest traveled route to RSA is from the 60 freeway down Watkins to Mt. Vernon
- ▶ 28% of parents participate in carpools and another 11% transport 2 or more students
- ▶ 54% of the parents surveyed were interested in bus service
- ▶ When asked about having their child picked up at an off-site location such as Goodwins, 71% of the parents responded "no"
- ▶ When asked about paying a fee for transportation (Secondary), 40% responded "yes"

Busing Options Presented in the Survey

- ▶ Option 1 – Provide Bus services to students of RSA following RUSD policy

Considerations for Option 1

- ▶ Utilize RUSD boundary as attendance area for STEM
- ▶ Buses would have a significant impact on the parking lot which would limit and interrupt use by parents during arrival and dismissal

Survey results support consideration of bus options for RSA students

- ▶ Option 2 – Offer a shuttle service for students from an off-site location

Considerations for Option 2

- ▶ Service to limited number of students
- ▶ A reciprocal use agreement would need to be negotiated with off-site location

Survey results did not support a shuttle service from an off-site location

Consideration for Busing

- ▶ Current Board Policy as applied to RSA students in 5th – 12th grade utilizing RUSD boundary as attendance area for RSA
 - ▶ Walk distance for 4-6 grade students is 2.25 miles. Busing provided to those who live beyond 2.25 miles
 - ▶ No Secondary busing except for students living beyond 10 miles. A transportation fee of \$340 a year applies for any student who participates in Secondary busing living beyond 10 miles.
 - ▶ Busing not provided for students living out of district
 - ▶ Special Consideration – Approved only if seats are available on an established route
 - ▶ Minimum to retain bus route– 5% ridership of current enrollment

Associated Costs with Busing

Service to	Number of buses	Cost*
5 th and 6 th graders	3 buses x 181 days x \$326.68 a day	\$177,387.24
Secondary Students 7-8	1 bus x 181 days x \$326.68 a day	\$ 59,129.08
Secondary Students 9-12	1 bus x 181 days x \$326.68 a day	\$ 59,129.08
Additional route on Wednesdays	1 bus x 40 days x \$326.68	\$13,067.20
Possible revenue from sale of bus passes to Secondary students	\$340 a year per student	\$14,960
Totals (does not include fuel costs)		\$293,752.60

*Assumes maximum participation

Pros and Cons of Busing for RSA

Pros

- ▶ Reduction in the number of cars in the parking lot and on streets around RSA
- ▶ Removes barrier for families that may have transportation issues
- ▶ Provides level of convenience for some parents

Implemented mitigation measures have resulted in decreased traffic congestion at dismissal from 35 minutes to 15-20 minutes.

Cons

- ▶ On-going costs of \$300,000 annually
- ▶ Implementing busing for a choice program may set a precedent
- ▶ Additional supervision needed 30 minutes before school
- ▶ Existing parking lot does not have space for a dedicated bus loop separate from a student pickup\drop-off lane
- ▶ Bus ride would be 45+ minutes

The District is required to develop and adopt a plan delineating how the funds will be spent. The plan must be explained in a public meeting of the governing board, and adopted in a subsequent public meeting.

The Educator Effectiveness Grant is one-time in nature. Funds shall be used to support the professional development of certificated teachers, administrators, and paraprofessional educators. The funds can be expended for any of the following purposes:

1. Beginning Teacher and administrator support and mentoring

4. To promote educator quality and effectiveness, including, but not limited to, training on mentoring and coaching certificated staff and training certificated staff to support effective teaching and learning

The Educator Effectiveness Grant will be used to increase the quality and rigor of grade level core curriculum and instruction in support of the District’s Local Control and Accountability Plan (LCAP). Goal 1 in the LCAP is to provide high quality teaching and learning environments for all students. Actions are to continue to implement standards, reinforce collaborative structures, personalize learning, and integrate technology; collaboration and progress monitoring (professional development [PD] days for all employees at the beginning of the year and two during the year for teachers. In support of the professional development days, the Educator Effectiveness Grant will be used for 23 staff developers. They will design, develop, monitor and present professional development sessions for the teachers for the PD days at the beginning of the year and for two PD pull-out days during the year which are by grade level and by subject matter.

Further, there is a requirement for detailed expenditure information to be sent to the California Department of Education. Detailed information includes, but is not limited to, specific purchases made, salaries paid and the number of teachers, administrators, or paraprofessional educators that received professional development.

Additionally, the Educator Effectiveness funds are subject to the annual audits required by Education Code, Section 41020. The independent financial and compliance audit shall, in addition to all other requirements of law, ascertain and verify whether the funds provided from the Educator Effectiveness Grant have been properly disbursed and expended.

FISCAL IMPACT: Plan for Educator Effectiveness Grant funding of \$2,943,549 to be spent on staff developers’ salaries and benefits in support of professional development.

RECOMMENDATION: Report only. No action required.

Topic: Resolution No. 2015/16-56 – Resolution of the Board of Education of the Riverside Unified School District Ordering an Election, and Establishing Specifications of the Election Order – First Reading

Presented by: Kirk R. Lewis, Ed.D., Assistant Superintendent, Operations

Responsible
Cabinet Member: Kirk R. Lewis, Ed.D., Assistant Superintendent, Operations

Type of Item: Action

Short Description: Staff is presenting a report that summarizes information for the Board of Education in consideration of passing the Resolution of the Board of Education of the Riverside Unified School District Ordering an Election, and Establishing Specifications of the Election Order for first reading.

DESCRIPTION OF AGENDA ITEM:

The resolution before the Board calls an election within the District for the purpose of approving school bonds, to request the Riverside County Registrar of Voters to conduct the elections on behalf of the District, and to authorize the preparation of election materials including ballot arguments and tax rate statement, to be included in the ballot pamphlet.

State law requires the Board of Education to order school district elections. The Riverside County Registrar of Voters will conduct the elections on behalf of the District, including publishing all required notices. This resolution meets the statutory requirements for describing the eligible projects to be funded with the proceeds of the bonds, which is included as Exhibit B to the resolution. A 75-word summary of the measure, as it will appear on the ballot, is also included in the resolution as Exhibit A. The resolution also authorizes the preparation and filing of a tax rate statement included as Exhibit C, which must be included in the ballot pamphlet, describing the anticipated rates of tax throughout the life of the bond issue. The resolution also authorizes, but does not commit, the Board and/or individual members of the Board to prepare and sponsor a ballot argument in support of the bond measure. No more than five (5) persons may sign the ballot argument.

This election will be called under constitutional and statutory provisions that require fifty-five percent (55%) voter approval, and certain accountability requirements, including annual independent financial and performance audits of how funds are spent, and the formation of a

Citizens' Bond Oversight Committee. Following adoption, the resolution (including the signed tax rate statement) must be delivered to the Registrar of Voters and the Board of Supervisors. State law requires that 2/3rd of a school board support the resolution calling an election requiring 55% voter approval. At least four (4) Board members must be present and vote "Yes" in order to call the election.

Staff and consultants will present the resolution and exhibits calling for the General Obligation Bond Measure to be placed on the November 8, 2016 ballot.

FISCAL IMPACT: None.

RESOLUTION NO. 2015/16-56

RESOLUTION OF THE BOARD OF EDUCATION OF RIVERSIDE
UNIFIED SCHOOL DISTRICT ORDERING AN ELECTION, AND
ESTABLISHING SPECIFICATIONS OF THE ELECTION ORDER

WHEREAS, the Board of Education (the “Board”) is committed to maintaining the quality of education in Riverside public schools by upgrading aging classrooms, school buildings and infrastructure at all schools; and

WHEREAS, the Board has determined that schools within the Riverside Unified School District (the “District”) need to be upgraded, repaired, expanded, improved and better equipped in a fiscally prudent manner and in accordance with the District’s guiding principles of parity, maintenance and evolution to enable the District to improve student safety and campus security by installing security lighting, security cameras, emergency communications systems, smoke detectors and fire alarms; and

WHEREAS, the Board believes it is in the best interest of the District to continue to address facility improvements now before they become more pressing and more costly, and provide classrooms, labs and technology education classes so students are prepared for college and good-paying jobs in fields like health science, engineering, technology, robotics and the skilled trades; and

WHEREAS, whether or not Riverside residents have school-age children, protecting the quality of our schools, the quality of life in our community, and the value of our homes, is a wise investment; and

WHEREAS, the State of California (the “State”) is not providing the District with enough money for the District to adequately maintain its educational facilities and academic programs; and

WHEREAS, the Board has concluded that the District’s only remedy to avoid the undermining of its educational programs is securing local funding that the State cannot take away; and

WHEREAS, the Board has received information regarding the possibility of a local bond measure and its bonding capacity; and

WHEREAS, a local measure will help provide funds that cannot be taken away by the State to upgrade aging schools, protect student safety and help the District to qualify for millions of dollars of State matching funds; and

WHEREAS, such measure will include mandatory taxpayer protections, including an independent citizens’ oversight committee and mandatory audits to ensure funds are spent as promised; and

WHEREAS, the Board and District has solicited stakeholder and community input on school priorities from parents, teachers, staff, the community and civic leaders; and

WHEREAS, Proposition 46, approved by the voters of the State on June 3, 1986 (“Proposition 46”), amended Section 1(b) of Article XIII A of the California Constitution by adding a provision that exempts from the 1% of full cash value limitation, those *ad valorem* taxes used to pay for debt service on any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by voters voting on the proposition; and

WHEREAS, on November 7, 2000, the voters of California approved the Smaller Classes, Safer Schools and Financial Accountability Act (“Proposition 39”) which reduced the voter threshold for *ad valorem* tax levies used to pay for debt service on bonded indebtedness to 55% of the votes cast on a school district general obligation bond; and

WHEREAS, concurrent with the passage of Proposition 39, Chapter 1.5, Part 10, Division 1, Title 1 (commencing with Section 15264) of the Education Code (the “Act”) became operative and established requirements associated with the implementation of Proposition 39; and

WHEREAS, the Board desires to make certain findings herein to be applicable to this election order and to establish certain performance audits, standards of financial accountability and citizen oversight that are contained in Proposition 39 and the Act; and

WHEREAS, the Board desires to authorize the submission of a proposition to the District’s voters at an election to authorize the issuance of bonds to pay for certain necessary improvements and enhancements to District educational facilities; and

WHEREAS, the Board hereby determines that, in accordance with Opinion No. 04-110 of the Attorney General of the State of California, the restrictions in Proposition 39 which prohibit any bond money from being wasted or used for inappropriate administrative salaries or other operating expenses of the District shall be enforced strictly by the District’s Citizens’ Oversight Committee; and

WHEREAS, pursuant to Education Code Section 15270, based upon a projection of assessed property valuation, the Board has determined that, if approved by voters, the tax rate levied to meet the debt service requirements of the bonds proposed to be issued will not exceed the Proposition 39 limits per year per \$100,000 of assessed valuation of taxable property; and

WHEREAS, Section 9400 *et seq.* of the Elections Code of the State of California (the “Elections Code”) requires that a tax rate statement be contained in all official materials relating to the election, including any ballot pamphlet prepared, sponsored, or distributed by the District; and

WHEREAS, the Board desires to authorize the filing of a tax rate statement and a ballot argument in favor of the proposition to be submitted to the voters at the election; and

WHEREAS, pursuant to the California Elections Code, it is appropriate for the Board to request consolidation of the election with any and all other elections to be held on Tuesday, November 8, 2016, and to request the Riverside County Registrar of Voters to perform certain election services for the District.

NOW THEREFORE, THE BOARD OF EDUCATION OF THE RIVERSIDE UNIFIED SCHOOL DISTRICT DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:

Section 1. In compliance with Proposition 39 policies of the Board and the Act, the ballot propositions in Exhibits “A” and “B” are subject to the following requirements and determinations:

(c) that the Board shall cause an annual, independent performance audit to be conducted to ensure that the Bond monies get spent only for the projects identified in Exhibit “B” hereto;

(d) that the Board shall cause an annual, independent financial audit of the proceeds from sale of Bonds to be conducted until all of the Bond proceeds have been expended;

(e) that the Board shall appoint a Citizens’ Oversight Committee in compliance with Education Code Section 15278 no later than 60 days after the Board enters the election results in its minutes pursuant to Education Code Section 15274; and

(f) that the tax levy authorized to secure the Bonds of this election shall not exceed the Proposition 39 limits per \$100,000 of taxable property in the District when assessed valuation is projected by the District to increase in accordance with Article XIII A of the California Constitution.

Section 4. That the authority for ordering the election is contained in Education Code Sections 15100 *et seq.*, 15264 *et seq.*, and Government Code Section 53506.

Section 5. That the authority for the specifications of this election order is contained in Education Code Section 5322.

Section 6. That the Riverside County Registrar of Voters and the Riverside County Board of Supervisors are hereby requested to consolidate the election ordered hereby with any and all other elections to be held on November 8, 2016 within the District. As provided in Elections Code Section 10403, the District acknowledges that the consolidation election will be conducted in the manner described in Elections Code Section 10418.

Section 7. That the Secretary of the Board is hereby directed to deliver a certified copy of this Resolution to the Riverside County Registrar of Voters no later than August 12, 2016.

Section 8. That Bonds may be issued pursuant to Education Code Section 15264 *et seq.* or Government Code Section 53506 of the Government Code. The maximum rate of interest on any Bond shall not exceed the maximum rate allowed by Education Code Sections 15140 to 15143, as modified by Government Code Section 53531.

Section 9. That the Board requests the governing body of any such other political subdivision, or any officer otherwise authorized by law, to partially or completely consolidate such election and to further provide that the canvass of the returns of the election be made by any body or official authorized by law to canvass such returns, and that the Board consents to such consolidation. The Board further authorizes the submission of a tax rate statement and primary and rebuttal arguments, as appropriate, to be filed with the Riverside County Registrar of Voters by the established deadlines.

PROJECT LIST

The Board of Education of the Riverside Unified School District is committed to maintaining the quality of education in local schools with safe, secure, upgraded classrooms and labs for career and technology education to keep pace with 21st century technologies and learning standards. To that end, the Board evaluated the District’s urgent and critical facility needs, including safety issues, class size, computer and information technology, enrollment trends and prepared a Facilities Master Plan (approved by the Board on February 1, 2016) which is incorporated herein in its entirety, in developing the scope of projects to be funded. The District conducted a facilities evaluation and received public input in developing this Project List. Teachers, staff, community members and the Board have prioritized the key health and safety needs so that the most critical facility needs are addressed. **The Board concluded that protecting the quality of our schools, the quality of life in our community, and the value of our homes is a wise investment.** Therefore, in approving this Project List, the **Board of Education determines that the District must:**

- (i) **Upgrade or replace aging school infrastructure, classrooms and school buildings; and**
- (ii) **Modernize school facilities to improve access for students with disabilities; and**

The listed projects will be completed as needed. Each project is assumed to include its share of furniture, equipment, architectural, engineering, and similar planning costs, program/project management, staff training expenses and a customary contingency for unforeseen design and construction costs. In addition to the listed projects stated above, the Project List also includes the acquisition of a variety of instructional, maintenance and operational equipment, including the reduction or retirement of outstanding lease obligations and interim funding incurred to advance fund projects from the Project List; installation of signage and fencing; payment of the costs of preparation of all facility planning, facility studies, assessment reviews, facility master plan preparation and updates, environmental studies (including environmental investigation, remediation and monitoring), design and construction documentation, and temporary housing of dislocated District activities caused

by construction projects. In addition to the projects listed above, the repair and renovation of each of the existing school facilities may include, but not be limited to, some or all of the following: renovate student and staff restrooms; repair and replace heating and ventilation systems; upgrade of facilities for energy efficiencies; acquire vehicles; repair and replace worn-out and deteriorated roofs, windows, walls, doors and drinking fountains; construct District office and professional development center; install wiring and electrical systems to safely accommodate computers, technology and other electrical devices and needs; upgrade or construct support facilities, including administrative, physical education (including upgrading or adding gyms, stadiums and locker rooms) and performing arts buildings and maintenance facilities and yards; repair and replace fire alarms, emergency communications and security systems; resurface or replace hard courts, turf and irrigation systems and campus landscaping; expand parking and drop-off areas; acquire land; construct new schools; upgrade interior and exterior painting and floor covering; demolition; upgrade pools; upgrade central kitchen and school cafeterias; construct various forms of storage and support spaces and classrooms; repair, upgrade and install interior and exterior lighting systems; improve playgrounds, athletic fields and play apparatus; replace outdated security fences and security systems (including access control systems), provide indoor space for assemblies or for rainy day lunch; upgrade music labs, media centers, adult education facilities. The upgrading of technology infrastructure includes, but is not limited to, computers, LCD projectors, portable interface devices, servers, switches, routers, modules, sound projection systems, laser printers, digital white boards, document projectors, upgrade voice-over-IP, call manager and network security/firewall, wireless technology systems, refresh classroom technology and other miscellaneous equipment. The allocation of bond proceeds will be affected by the District's receipt of State matching funds and the final costs of each project. In the absence of State matching funds, which the District will aggressively pursue to reduce the District's share of the costs of the projects, the District will not be able to complete some of the projects listed above. The budget for each project is an estimate and may be affected by factors beyond the District's control. Some projects throughout the District, such as gyms, fields and performing arts facilities, may be undertaken as joint use projects in cooperation with other local public or non-profit agencies. The final cost of each project will be determined as plans and construction documents are finalized, construction bids are received, construction contracts are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses. Necessary site preparation/restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on or necessary and incidental to bond projects. Bond proceeds shall only be expended for the specific purposes identified herein. The District shall create an account into which proceeds of the bonds shall be deposited and comply with the reporting requirements of Government Code § 53410.

NO DISTRICT EMPLOYEES OR VENDORS ARE ALLOWED TO SERVE ON THE CITIZENS' OVERSIGHT COMMITTEE.

TAX RATE STATEMENT CONCERNING MEASURE __

**TAX RATE STATEMENT
REGARDING PROPOSED
\$392,000,000
RIVERSIDE UNIFIED SCHOOL DISTRICT
GENERAL OBLIGATION BONDS**

An election will be held in Riverside Unified School District (the "District") on November 8, 2016 for the purpose of submitting to the electors of the District the question of issuing bonds of the District in the principal amount of \$392 million. If such bonds are authorized and sold, the principal thereof and interest thereon will be payable from the proceeds of taxes levied on the taxable property in the District. The following information regarding tax rates is given to comply with Section 9401 of the California Elections Code. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service on the bonds will be paid through property taxation:

1. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.059 per \$100 (\$59.00 per \$100,000) of assessed valuation of all property to be taxed for the year 2017-18.

2. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the last sale of the bonds and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.059 per \$100 (\$59.00 per \$100,000) of assessed valuation of all property to be taxed and the year 2025-26.

3. The best estimate from official sources of the highest tax rate that would be required to be levied to fund the bond issue and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.059 per \$100 (\$59.00 per \$100,000) of assessed valuation of all property to be taxed, which is projected to be the same in every fiscal year that the bonds remain outstanding.

4. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is \$705 million.

Attention of voters is directed to the fact that the foregoing information is based upon projections and estimates. The actual timing of sales of the bonds and the amount to be sold at

any time will be governed by the needs of the District and other factors. The actual interest rates at which the bonds will be sold, which will not exceed the maximum permitted by law, will depend upon the bond market at the time of sale. The actual assessed valuations in future years will depend upon the value of property within the District as determined in the assessment and the equalization process. Therefore, the actual tax rates and the years in which those tax rates will be applicable may vary from those presently estimated and stated above.
