## **SECTION E – CONCLUSION**

### **E.1 Board Members' Comments**

Mrs. Lock Dawson discussed her attendance at a Community Advisory Committee meeting at the UCR Graduate School of Education this week. She mentioned that they reported that the numbers are up for people obtaining teaching credentials, although there is still a shortage for Special Education teachers. She also wanted to encourage everyone to attend the Pathways to Higher Education Conference on October 3 at John W. North High School and thanked Mr. Jorge Perez, Instructional Services Specialist and Mr. Justin Grayson for all of their work on this event.

Mr. Hunt stated that he would be speaking at the Pathways to Higher Education Conference on October 3, and he and Mrs. Allavie will be attending the California School Boards Association (CSBA) Masters in Governance classes this week. Mr. Hunt suggested that we close the meeting in recognition of National Hispanic Heritage Month. He noted that the Board of Education celebrates the cultures and contributions of citizens whose ancestors are from Hispanic/Latino descent. He requested that staff please consider new microphones for the Board Room and also a flat screen monitor on the podium that would make it easier for the Board to see items shown during the meeting. Mr. Hunt thanked Ms. Haley Calhoun, Director, Planning and Development, for her hard work with all of the architects.

Mr. Lee stated that he wants to make it very clear to everyone that the community has a say in the process and feels like they can ask for anything with regards to the Facilities Master Plan (FMP). He suggested that we set up a virtual idea box, a link on the website, maybe a suggestion box at every school site to get more community input. He would like us to create a video that is very user-friendly about the General Obligation Bond to receive the input we are looking for in regards to the FMP similar to the one produced for the SBAC testing results.

Mrs. Cloud thanked Dr. Hansen for representing RUSD so well at the last Good Morning Riverside meeting. She reported that the Instruction Subcommittee meeting was held last week and that it was very informative and also that the District VAPA Plan would be coming forward soon. She shared an article from *The Press-Enterprise* titled, "Becoming America the not-so-beautiful" that she would like to have shared with the other Board members.

Mrs. Allavie stated that after hearing all of the information tonight, she is favoring the General Obligation Bond on the November election ballot. She indicated that this is mostly based on the tight timeline that we have to work with. She said that she is very optimistic about our partnership with UCR and feels like it is now our turn to put the plans in place to have a high school on the UCR campus.

Topic: Surplus and Sale of Electronic Equipment

Presented by: Luis F. Moya, Supervisor, Warehouse

Responsible  
Cabinet Member: Mays Kakish, Chief Business Officer / Governmental Relations

Type of Item: Consent

Short Description: Requesting approval to declare listed electronic equipment as surplus property and authorization to sell or dispose of the surplus electronic equipment in accordance with Education Code provisions.

---

---

**DESCRIPTION OF AGENDA ITEM:**

It is necessary to dispose of electronic equipment which has become obsolete, is not cost effective to repair or no longer holds any value for replacement parts. Items in this condition must be declared surplus and disposed of in accordance with California Education Code and environmental regulations designed to protect the environment from electronic waste (e-waste).

In accordance with the California Education Code §17546, the items may be sold at private sale without advertising if the value of the item(s) are under \$2,500 as unanimously approved by the Board. If it is found the property is of insufficient value to defray costs of arranging a sale, the property may be sold, donated or disposed of in a public dump. Given the environmental regulations associated to the disposition of electronic equipment, disposal in the public dump is not an option. Sale of electronic equipment shall be limited to state certified e-waste collection facilities.

California Education Code §17547 requires that monies received from the sale shall be placed to the credit of the fund from which the original expenditure for the purchase of the property was made or in the general or reserve fund of the district.

---

**FISCAL IMPACT:** None

**RECOMMENDATION:** It is recommended that the Board of Education declare listed electronic equipment as surplus and authorize staff to sell or dispose of the surplus electronic equipment in accordance with Education Code provisions.

Regarding Spec(s): Fire Alarm System Path Way Issues From Admin to D Bldg

---

Issue(s):

During the course of the project an existing path was indentified acceptable for use. This path was to be used to feed fire alarm from FACP to Building D. The conduit was emptied weeks ago and when attempting to install new conductors we found that the existing conduit has collapsed and we are not able to get new conductors installed.

A new rooftop conduit is suggested.

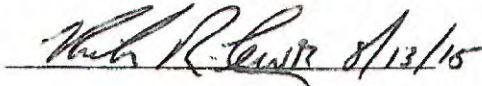

FEC has visited the site and have come up with a plan to install a new pathway from Admin to D Building.

FEC has provide a price of \$8704 and with our 10% markup the total would be \$9672.00
