THINGS TO KNOW

The Academic Planner is a place to keep track of your grades and also plan courses you will take in high school. To add planned courses, click on the plus sign (+) within the appropriate subject area and grade level. To edit a planned course, click the edit button (✎) for that course.

Each year, revisit your Academic Planner to plan courses for the following year. To learn more about high school course requirements, see [Get to Know the Different High School Course Requirements](#).

Legend: ● Course with a D or lower + Add a course ✎ Edit or delete a planned course

How to select "Opt-Out"

The screenshot shows the Aeries parent portal for the 2021-2022 school year at Test Central Middle School. The 'Student Info' menu is open, and the 'Authorizations' option is selected. The 'Authorizations and Prohibitions' table is visible, with the 'Opt-Out of CCGI' checkbox checked. A red arrow points to the 'Opt-Out of CCGI' checkbox.

Description	Status
Release of Directory Information CCGI Riverside USD has partnered with the California College Guidance Initiative (CCGI) to ensure that all 6th-12th grade students have access to a systematic baseline of guidance and support as they plan, prepare, and pay for post-secondary education and training. The benefits of the partnership include access to career exploration, knowing your students progress towards meeting the "a-g" course requirements, the ability to apply to colleges and financial aid, and tracking application deadlines and submissions.	<input checked="" type="checkbox"/>
These resources are only provided when transcript data is uploaded from the district's Student Information System to CCGI for grades 6th to 12th. This information is known as "directory information" and it includes the student's name, address, phone number, and transcript information. Please check the box ONLY if you would like to opt-out of this directory information access to CCGI services.	<input type="checkbox"/>

- If you previously selected "Opt-Out" and would like to change it
