2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The mission of Raincross Continuation High School is to provide small classroom instruction on an individualized level with rigorous expectations yet in a supportive environment. Raincross Continuation High School serves students in grades 10-12th (16+ years old). Students have generally fallen behind in credits at the comprehensive site. The staff at Raincross High School have implemented many supports to address the social-emotional needs of the students, including group and individual counseling, Mindfulness (by choice and in lieu of discipline consequence), sports, clubs/activities, specialized curriculum, etc. Raincross High School is based at the Educational Options Center (EOC). Most of the EOC schools share a common curriculum, resources, and staff.

Schoolwide Learner Outcomes (SLOs) were adopted in 2010 and updated in 2023 by the staff and School Site Council. They describe the basic qualities that each student should possess when leaving high school. The SLOs listed below, along with the school's mission statement, help guide the creation of curriculum and instruction. All schools in the Educational Options division now share the same SLOs. In addition, to achieving mastery of grade-level and/or content area standards, every student will become:

1. An effective communicator who...
 - Responds to the topic
 - Develops ideas with support
 - Attends to the needs of the audience
 - Demonstrates proficiency with multiple communication strategies
2. A skilled problem solver who...
 - Restates a given situation
 - Explains possible choices and consequences
 - Develops the ability to think logically and abstractly with language, numbers, and symbols
 - Builds imaginative, creative and innovative responses that incorporate efficient feedback cycles
3. A proficient technology user who...
 - Manages data efficiently
 - Interacts with various print and digital resources

2023-24 School Description and Mission Statement

- Manipulates print and digital media to communicate ideas
- Effectively and appropriately integrates text, graphics, and information sources

4. An informed career planner who...

- Researches various career fields
- Identifies a career and/or college pathway
- Applies study time to building pathways for attaining a career or college entrance
- Understands the importance of networking

5. An engaged community member who...

- Understands the importance of being an active member of a larger community
- Volunteers time and energy to causes in the community
- Seeks appropriate mentors
- Makes relevant connections to continued learning opportunities

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The table displays information collected in September and approved by the Riverside Unified School District Board of Education on 10/05/23 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

It was determined that each RUSD school had sufficient and good quality textbooks, instructional materials, or science lab equipment, where appropriate, pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a 6-year cycle developed by the California Department of Education, making the textbooks used in the school the most currently available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

Riverside Unified School District adopts instructional materials on a regular schedule based on State adoptions. All students receive appropriate, up-to-date instructional materials for use in the classroom and at home. All materials currently in use have been selected by the staff with parent input, and approved by the Board of Education according to state adoption requirements. Teachers are provided training in the use of new materials.

School Facility Conditions and Planned Improvements

EOC Campus (Opportunity, Raincross, and Summit View)

Year Constructed: 1994
 Lot Size: 6.5 acres
 0 Permanent Classrooms
 26 Portable Classrooms
 Indoor and Outdoor Cafeteria
 Air Conditioned

Riverside Unified School District maintains both 5 and 15-year major maintenance plans for all schools. These plans are located at the District's Maintenance and Operations Office and are available for review.

Riverside Unified School District has instituted a formal school facility inspection system based on State of California School Facility Condition Criteria. The State criteria consist of 13 building components typically found in school facilities.

Riverside Unified School District has allocated funds for the sole purpose of school maintenance pursuant to Education Code sections 17002(d), 17014, 17032.5, 17070.75(a), and 17089(b).

Raincross is one of the alternative schools housed at the Educational Options Center (EOC) campus. It occupies four classrooms during the day and evening hours. Counseling and administrative staff share office space with other schools on the site. A state-of-the-art computer learning center and the RUSD Technology Resource Center are available to the students.

The EOC campus has one full time and one part-time custodial staff who, along with other district personnel, maintains the grounds and facilities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	1	1	30	31	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

Riverside Unified School District (RUSD) Career Technical Education believes all students should be Career Ready, Period! CTE programs provide students with opportunities to build their Competitive Advantage through Rigorous Academic Knowledge, Technical Mastery, and Professional Skills. Our programs prepare students to be engaged in their education, communicate effectively, work in teams, and solve problems. The district has 42 pathways in 26 distinct programs - five State-funded California Partnership Academies, numerous grant-funded career technical pathways, as well as a number of ROP programs. Programs have a sequence of courses that provide students with academic and technical knowledge and skills through integrated academic and technical instruction. CTE in RUSD allows us to create engaging experiences for our students to explore and develop their unique talents, interests, passions and strengths. Our programs provide academic knowledge, technical competencies, and professional skills so students can build a competitive advantage.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Numerous points of contact exist between the school and parents:

- In addition, to the administrators, the counselors and campus manager are readily available to parents by phone or to schedule a conference.
- The Attendance Assistant maintains very close contact with families when students are tardy, truant or absent.
- Teachers and/or their assistants also call parents when students are absent, not producing work/credits, or having behavioral issues, as needed. They also contact parents when students complete classes or for other positive acknowledgments.
- If a student has poor attendance, a 1:1 SART meeting is held with the School Counselor or Assistant Principal to discuss concerns and provide resources, if needed.
- The District uses GoGuardian software program to help schools easily manage their devices, better understand their students, and keep them safer online. If the GoGuardian filtering system identifies concerning student searches (e.g., suicide, depression, acts of violence), it will notify the parent(s), the District, school administration, and school/mental health counselors.
- SST, 504 Plan, and IEP meetings are held, as needed with students, parents, teachers, and counselors.
- The school has a Google Site: <https://sites.google.com/riversideunified.org/educationaloptionscenter/home> and the EOC Student Center/College and Career Center also has a Google Site: <https://sites.google.com/riversideunified.org/eocstudentcenter/home>

There are various events and committees that parents are invited to participate in:

- Every Fall, the campus holds a Meet and Greet in lieu of a typical Back to School Night. Meet and Greet encourages parents, students, and staff to come together for a fun community and family event. The event hosts community agency businesses and resources, provides a meal, raffle prizes, games, face-painting, and music.
- A Parent/Teacher/Student Conference day is also scheduled in the Fall, after Meet and Greet, to allow teachers to meet with parents and students to discuss progress and next steps.
- Parents are encouraged to become involved by joining the School Site Council (SSC) and/or English Learner Advisory Council (ELAC) or by attending their meetings. SSC meets seven times per year. ELAC meets four times yearly. Both councils exist as a means for parents to advise the school on issues involving school improvement and for the school to provide information to the community.
- Parents are also informed about students and school events through Parent Messenger (auto-dialer and auto-email), social media, the school's webpage, a News Flash that is updated on an ongoing basis and accessible through the website, the School Newsletter (The Campus Scoop), US Mail letters/flyers/notices and the marquee at the front of the campus. Teachers have their own Google Classroom Hub and some teachers also use a class Facebook page and parents can contact the teachers through Facebook Messenger.
- RCC and FAFSA Workshops are held multiple times a year to support parents and students.
- EOC holds an annual College and Career Fair and annual Wellness Fair, where students and parents are invited to attend. Community resources attend to support the school community.

For more information on parent opportunities to become involved, please contact Ed Davalos at 951-276-7670.

2023-24 School Safety Plan

The School Site Council or the Site Safety Committee is responsible for the development and updating of the school's Comprehensive Safety Plan. A Site Comprehensive Safety Plan Checklist is provided by the Pupil Services Department to give guidance on what should be included in the School's Safety Plan. The Safety Plan is discussed with staff, evaluated, amended/reviewed/updated by January 31 of each year. The school's safety committee makes monthly safety inspections. A school Disaster Preparedness Plan that deals with a wide variety of emergency situations is incorporated into the School Safety Plan. Earthquakes, fire, lockdown, and active shooter/intruder drills are conducted as required. The key elements of the Comprehensive School Safety Plan include an assessment of current status of school crime; provisions of any schoolwide dress code including the definition of "gang related apparel"; safe movement of pupils, parents and school employees to and from school; strategies in maintaining a safe and orderly school environment; visitors on campus; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspensions, expulsion or mandatory expulsion and other school designated serious acts which would lead to suspension or expulsion, notification to teachers, anti-bullying policy, discrimination/harassment, and school discipline rules and procedures pursuant to EC 35291 and EC 35291.5. The school has a campus supervisor and has an assigned School Resource Officer (SRO).

Fiscal Year 2022-23 Types of Services Funded

Riverside Unified School District utilizes funds from Average Daily Attendance (ADA), the Local Control Funding Formula (LCFF) as well as State and Federal grants to provide services for students in alignment with the RUSD Local Control Accountability Plan, School Plans for Student Achievement, and the School Board's Ongoing Work Plan. Among these include support for English Learners, Foster and Homeless Youth, and Low-Income students. This also includes classroom instruction, after-school care and education, development and implementation of Multi-Tiered Systems of Support (MTSS), Career and Technical Education (CTE), Visual and Performing Arts (VAPA), Social-Emotional Wellness for students and staff, and ongoing district operations.

In addition to LCFF funding, the school participates in a schoolwide Title I program that provides supplemental services and instructional materials to support students with learning the state's challenging academic standards.

Professional Development

This year, 2023-24, teachers attended 2 days worth of professional development prior to school beginning. The focus of this professional development was technology and providing Social Emotional support to students. Teachers continue to be trained in strategies to address student social-emotional wellness and social justice. The certificated and classified school site staff continued to work with the RUSD Guide for Instructional Direction during faculty/staff meetings, Leadership Team meetings, and collaboration time. Our focus is Social Emotional professional development. Staff will focus on providing support for our students who have various needs based on the impact of COVID in their lives. Social Emotional Learning will be part of our

Professional Development

weekly engagement strategies to help student cope and be better prepared to engage in their education.

In addition to teacher professional development, the school continues to ensure that all classified staff receive ongoing training and have monthly business meetings. Over the years, Google forms have been used to survey staff and provide professional development in the area of need/desire. The monthly business meetings are used to share updates about what's happening in the district or the school, provide team-building opportunities, and addressing areas of concern or questions. The classified office staff also continues to hold monthly meetings to discuss the smooth running of the front office which includes attendance, registration, the health office, and other essential components. Classified staff training topics have included: Google, Gallup Strengths, Restorative Practices, RUSD Guide for Instructional Direction, Social/Emotional Needs of our Students and will include various guest speakers, etc. Classified office staff and administration meet monthly to discuss procedures and maintain the smooth running of the front office.

Teachers continue to be provided with professional development opportunities and coaching support in the Tier II Literacy Intervention (Achieve 3000). Teachers received professional development on Edgenuity, which was adopted as one of our on line instructional platforms. Teachers also chose a range of professional development activities, including but not limited to presenting at conferences or training others, attending district professional development offerings, visiting other school sites/districts, attending workshops/conferences offered through outside organizations, and/or having small group professional development delivered to them from District Instructional Specialists. Teachers will also participate in professional development in the areas of social justice, social-emotional wellness and they have coaching available from the Learning Together Strengths Academy consultants.

Teachers and classified staff are supported during their implementation of various training. Administration offers "Chat Time" to allow teachers to drop in and ask questions and chat, impromptu phone calls to staff, links to schedule virtual meetings to provide support, and in-class coaching. The district's Instructional Specialists and coaches support staff at EOC by offering workshops, classroom visits and are always very responsive to emails and calls. The average number of professional development days for the last three years (2021-2022, 2022-2023, 2023-2024) has been 66.

This table displays the number of school days dedicated to staff development and continuous improvement.
