# University Heights Middle School School Accountability Report Card Reported Using Data from the 2014-15 School Year <br> Published During 2015-16 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (Most Recent Year)

University Heights Middle School is a 7-8 school with approximately 850 total students. We have a variety of activities and clubs to ensure that students have an opportunity to do what they do best each and every day at University. At UHMS, we strive to ensure not only academic success, but also outstanding character for all of our students. We have a strong character education program built into our Common Core State Standards aligned curriculum to ensure that all students have the tools they need to be successful here and when they leave to go to high school.

At University Middle School, we will inspire students to take advantage of life's opportunities in a global society by preparing them academically. We believe this is best accomplished when students influence the pace, pathways, purpose, and assessment of their learning.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)
Year and month in which data were collected: 10/2015

Materials Sufficiency Board Meeting Date: October 5, 2015
The table displays information collected in October 5, 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. It was determined that each RUSD school had sufficient and good quality textbooks, instructional materials, or science lab equipment, where appropriate, pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a 6-year cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

Riverside Unified School District adopts instructional materials on a regular schedule based on State adoptions. All students receive appropriate, up-to-date instructional materials for use in the classroom and at home. All materials currently in use have been selected
by the staff with parent input, and approved by the Board of Education according to state adoption requirements. Teachers are provided training in the use of new materials.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

## Opportunities for Parental Involvement (Most Recent Year)

The parental involvement contact at this school is Mr. Coleman Kells, principal, and can be contacted at 951-788-7388.

Because we are a professional learning community, we are committed to the belief that parent involvement is a vital component to student success. So, we encourage involvement in our PTA, School Site Council, and English Learner Advisory Committee. Because increasing parent and community participation has been a focus at University Heights, our parent involvement has continued to increase significantly. Each year parent participation in our school-wide programs, such as our Back-to-School Night and Open House has increased. These evenings provide parents with critical information they need regarding our school-wide academic focus and student expectations for learning. It is with parent involvement in mind that University Heights continues to host its annual Family Fun Night. This is a night when parents and community members come to Uni to indulge in free food and fun. Because we realize the importance of parent support, we encourage our parents to visit our campus at any time.

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

## School Safety Plan (Most Recent Year)

The School Site Council or its delegate is responsible for the development and updating of the school's Comprehensive Safety Plan. A Site Comprehensive Safety Plan Checklist is provided by the Assistant Superintendent of Operations to give guidance on what should be included in the School's Safety Plan. The Safety Plan is discussed with staff, evaluated, amended/reviewed/updated by March 1 of each year. The school's safety committee makes monthly safety inspections. A school Disaster Preparedness Plan that deals with a wide variety of emergency situations is incorporated into the School Safety Plan. Earthquakes, fire, and lockdown drills are conducted as required. The key elements of the Comprehensive School Safety Plan include an assessment of current status of school crime; provisions of any schoolwide dress code including the definition of "gang related apparel"; safe movement of pupils, parents and school employees to and from school; strategies in maintaining a safe and orderly school environment; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspensions, expulsion or mandatory expulsion and other school designated serious acts which would lead to suspension or expulsion, notification to teachers, anti-bullying policy and school discipline rules and procedures pursuant to EC 35291 and EC 35291.5. The school also has an assigned School Resource Officer (SRO).

## Professional Development (Most Recent Three Years)

UNI's school site leadership team met at the beginning of the 2012-13 school year to provide input regarding site staff development/training needs. Prior to developing a site staff development plan, the leadership team first considered pertinent academic assessment data, International Baccalaureate/Middle Years' requirements for candidate schools, research-based best instructional practices, district requirements, and the specific needs of our teachers. With this in mind, our 2012-2013 site staff development plan consisted of the following:

- Continued focus on integrating student use of technology
- 24/7 instruction and learning
- International Baccalaureate/Middle Years' staff development focusing on inquiry-based learning
- Authorized International Baccalaureate/Middle Years' teacher trainings - Level 2
- Development of IB units using the IB/Middle Years' Unit Planner
- Continued focus on increasing academic rigor, checking for students' understanding at increasing levels of rigor and student use of academic language
UNI's school site leadership team identified key areas for professional development for the 2014-2015 school year. These topics were selected based on data from department common assessments, screening measures, and other data such as discipline and attendance. Throughout the year, these topics will be addressed through on campus PD provided by University staff members and district personnel, off campus conferences and trainings, and teacher inservices. The topics below were the focus of 2014-15.
- Incorporating student technology into instruction
- Personalized learning
- Positive Behavior Supports and Interventions
- Development of Common Core Units of study
- Continued focus on increasing academic rigor, checking for students' understanding at increasing levels of rigor and student use of academic language
